CHICAGO

INDEX TO VOLUME LVII

A

Acids—rubber brush to use in ... 335
Acoustics—false ceiling in great hall improves piano's sound ... 778
Adventure—this exploration business! ... 756
Advertising
"ad" two thousand years old ... 984
book display rack for store window ... 878
dog carries advertising sign on Denver streets 915
ever-changing colors for window display ... 306
figures dangling on ladder draw crowds ... 403
sign breaks up letters and reassembles them ... 263
Aerial Broadcasting—talking plane fights rebels with words from air ... 224
Aerial Trains—speed across harbor on cable ... 968
Africa—the hell of the blue men ... 898
Agricultural Implements
electric current for plow makes soil-turning easy ... 906
first four-wheel disk plow is self-sharpener ... 615
horn on tractor-drawn binder ... 1038
method of avoiding damage to binder canvases from mice ... 320
motor carried on back runs hand cultivator ... 720
plow cuts furrow forty-two inches deep ... 592
radio tractor controlled by key plows field ... 450
rotary plow to aerate soil helps fertilize it ... 811
Agriculture
buffalo turns water pump to irrigate rice field 271
Canada grows Chinese crop for export to China 59
crops high in vitamins urged to solve farm problems ... 217
even spacing of cornstalks produces bigger crop ... 457
explosion hazard is reduced in fumigating wheat 802
fast-growing poplar trees urged as farm crop 765
future garden may be paved instead of plowed 902
live-stock loader has an adjustable floor ... 512
pipe-line elevator carries hay to silo ... 90
preventing oats or barley smut ... 1041
pruning young apple trees ... 830
ripe apples guard potatoes from sprouting in bin ... 727
straight rows injure crops ... 961
tester sprouts seed corn in wet sawdust ... 517
the latest miracle of the plant wizards ... 452
Air
oxygen tanks carried on backs of mountain climbers ... 105
tests show how air conditions affect you ... 42
Air-Conditioning
purify air in street cars by chemical treatment 277
warm or cool air for home from same unit ... 274
weather factory for home heats or cools air ... 356
weather is made in the home to fit your needs 954
weather making for homes new industry ... 289
Airplanes
air express carries parcels to speed deliveries ... 630
air propeller of disks has variable pitch ... 423
autogyro like flying bullet is without wings ... 949
autogyro that offers both speed and safety ... 389
autogyro with engine behind is pushed through air ... 415
birds cause queer accidents to planes in flight 897
coming—the silent air liner ... 353
"Do-K" shows speed in German test flights ... 779
"Do-X" power is raised by engine changes ... 579
electric eyes for, "see" through fog ... 209
electricity helps fly plane ... 240
feathering of blades increases gyro's speed ... 538
flying box car for sky lanes of northland ... 742
flying window will carry thirty passengers ... 960
four transatlantic planes in "flock" at airport 33
giant flyer carries three tons of bombs ... 990
giant safety-first air liner takes shape in England ... 629
glider flying is made easier by angle recorder 710
glider is started like a kite ... 615
here is an airplane that "almost flies itself" ... 917
how many parts has the modern airplane? ... 13
how the "diving" plane is filmed in safety ... 633
huge supercharger drives plane to new record ... 591
key locks propeller in place ... 96
Airplanes—Continued
latest of navy "flying eyes" is twin-motored plane ... 31
life raft for planes at sea rides on top wing ... 239
limit of speed of, seen by expert ... 448
man travels fast as bullet in speediest plane ... 928
mosquitoes travel by, and menace health ... 264
muffler stops plane noise ... 803
mystery pursuit ship built for army flyers ... 66
plane aid to astronomers in studying meteors 279
plane that flaps its wings to rise vertically ... 6
plane that flies "backward" has elevator in front ... 272
propeller-pitch gauge ... 451
robot pilot for big planes ... 109
rubber-coated metal tubing absorbs engine vibration ... 936
rubber edge for plane wing prevents cutting ... 809
safety slots in bird's wing aid airplane designing ... 989
seaplanes are launched on land by catapult ... 90
self-steering plane handles like an automobile 959
small plane for "poor" man burns auto fuel ... 230
steam cooling for airplane speeds up take-off ... 616
tail would help lift plane propelled by rockets 624
talking plane fights rebels with words from air 224
ten guns on airplane give shotgun effect ... 769
trailer for transporting ... 165
wingless aircraft to fly with "rotor planes" ... 529
Airplanes, Model
"Jimmy" Doolittle's Super-Solution ... 1027
model plane flies like a bird ... 123
Airships
control made easier by universal steering ... 961
framework of the giant "ZRS-5" ... 604
gas helmets used in helium compartments ... 815
helicopter fitted on, for flying straight up ... 88
many cross ocean on office chart ... 641
Alarms—door lock with bell alarm ... 245
Alloys
metallic skin guards alloy from furnace losses 736
stainless steel and copper make super-alloy ... 750
Alphabet—magnetic game for teaching children ... 630
Aluminum
kerosene is good lubricant when working ... 159
transparent ... 578
Ammeter—dual-range clip-on, has power transformer ... 15
Ammonia—diluting for household use ... 1055
Anemia—oysters for ... 357
Anesthetic—perfume to put you asleep for operation foreseen ... 768
Animals
a buffalo census has been taken by airplanes in Canada ... 236
"all hands on deck!" in the menagerie ship ... 764
ancient rhino's horned head unearthed in Bad Lands ... 992
dummy "Daniel" shows fate of man in lion's den ... 402
farm, electric bulb cures rickets in ... 752
goats reduce cost of milk ... 247
monkeys take sunshine milk as cure for rickets 600
skeletons in motion show how they lived ... 101
the truth about wild animals in the movies ... 194
trapping wild animals for the zoos of the world 562
Annunciator—shatter-proof numbers ... 714
Anvil—detachable anvil made from flatiron ... 477
Aquarium
five-foot goldfish bowl ... 17
forceps quickly made from brass wire ... 311
handy tool for the ... 679
siphon for, is self-starting ... 487
Archæology
"apartments" found in caves used by Arizona Indians ... 43
cemetery of unknown race unearthed in Persia 92
clues to prehistoric people sought in Death Valley ... 208
Delphic oracle's base is found in temple ... 413
evidence of unknown race unearthed in Mexico 815
first Eskimo mirrors found are made of slate ... 368
forty centuries old letter has clay envelope ... 895

Archæology—Continued
fourth big pyramid is found under Egypt's sands ... 816
here is the oldest picture of man on horse ... 368
how first Americans lived in underground pits 200
secret passage of ancients found at Monte Alban ... 988
signs of Noah's flood found in Mesopotamian sands ... 58
"stoves" of stone found in African village ... 87
the mystery of the jewel covered warriors ... 530
Archery
arrow has explosive point to kill instantly ... 886
hole in bow guides arrow and gives accuracy. 738
jig helps form arrow feathers ... 305
mounted archers revive art of Indian hunters. 906
Architecture
bamboo hut the model for first skyscraper ... 432
jointless homes to be built by German architects ... 186
Army, British—latest war tank at home on land or sea ... 208
Army, German—auto with cardboard armor is tank in sham battles ... 913
Army, U. S.
big gun on six-wheel truck ... 113
greasing army-wagon axle with gun ... 59
"iron-man" tames bad horses for cavalry smith 425
mystery pursuit plane built for army flyers ... 66
"T-2" Uncle Sam's latest tank ... 358
Arrows
have explosive points to kill instantly ... 886
jig helps form arrow feathers ... 305
Art
paintings four stories high ... 744
pieces of, made out of pieces of rubbish ... 89
Ashes—ventilated ash receiver keeps your basement clean ... 319
Astronomy
astronomers to see eclipse in U. S. and Canada 747
count of stars shows changes in universe ... 582
meteoric "hail" seen to fly hundred miles a second ... 624
plane aid to astronomers in studying meteors. 279
reflecting telescope at Ohio Wesleyan ... 191
sun found just a weakling compared to far stars 412
sun outshines all the stars hundred million times ... 578
Athletics
how Olympic champions are made ... 888
robot pacemaker trains college runners ... 935
Atmosphere
disaster to earth if air gases change ... 422
fresh air by electrification sought in health tests ... 634
temperature seven miles up is virtually constant 17
Atomizer—inhaler like a fountain pen works without bulb ... 741
Atoms
fifty-million-volt flash to smash the atom? ... 278
house built in refrigerator for study of ... 720
scales for weighing ... 728
Auditorium—false ceiling in, improves piano's sound 778
Automobile Factory—toy-size auto plant turns out finished cars ... 422
Automobiles
auto of future to demand better lubricants ... 23
autos owned on three-fifths of American farms 359
auto with cardboard armor is tank in sham battles ... 913
average American auto runs seven and one-half years ... 904
"Cannon Ball" Baker tells how to speed up your car ... 520
cars drive into fifth floor directly from street. 815
cold makes your auto run better, not humidity 916
electric car built for the golf course ... 801
fast mystery auto is built for try at record ... 781
four-wheel drive helps end parking problem ... 793
France to destroy old cars after tenth year ... 942
giant racer sets new mark for ten miles ... 897
model motor car carved in wood has engine ... 58
more speed! ... 705
one-wheel auto carries passengers in "tire" ... 752
practical suggestions for touring motorists ... 1007
three-wheeled auto speeds eighty-five miles an hour ... 429
Automobiles, Accessories
accelerating pump for Ford car ... 129
air tunnel in car will reduce resistance ... 992
auto keys fold into handle of pocket holder ... 223
Automobiles, Accessories—Continued
auxiliary front spring reduces road shock ... 635
booster supplies rich mixture to start cold car 486
car owner's name imbedded in running board plate ... 576
car prevented from backing by automatic brake 575
car speed recorded in crash by speedometer lock ... 364
chromium-plated piston pin lasts life of auto. 583
clamp holds ice on running board ... 1022
clothes container attaches to roof of car ... 253
crankcase is kept filled by automatic oiler ... 438
crystal figure for radiator cap ... 817
curtain rod holds packages on back of car seat 679
dog tonneau carries your pet in comfort ... 127
expander stops piston slap ... 400
expanding rack fits on luggage carrier ... 179
expansion rings for pistons ... 421
felt oiler for valve stems and guides ... 71
fender guides help steering of low-seated autos 80
fuel fumer replaces choke to make starting easy 802
gas supercharger for autos increases motor power ... 209
hand sprinkler cleans windshield ... 323
hand tool irons out dents in fenders ... 439
hinged seat of sedan forms comfortable bed ... 673
holder for watch, cigarets and memorandum pad ... 377
ignition booster starts car in coldest weather ... 65
infra-red rays melt ice on windshield ... 88
interwoven disk for clutch gives longer service 713
"jump clock" in mirror tells time quickly ... 785
label on hood shows the side for oiling ... 426
lens in rear window aids traffic driving ... 76
license plate locked to car with keyless screw. 64
license plates made luminous in dark by varnish 237
lock for gasoline tank ... 957
longer life for spark plugs is sought in heat tests ... 811
luggage carrier hooks on car door ... 1026
mirrors on light bulbs eliminate glare ... 355
neon turning signal warns drivers behind ... 41
periscope reflects overhead traffic lights ... 72
portable car on truck lift runs on house current 621
portable track makes car pull itself out of snow 399
practical suggestions for car owner ... 854
quick-acting glare shield operated by shade roller ... 125
razor blades remove sleet from windshield ... 181
safety lock on auto doors prevent accidents ... 10
signal posts on fenders have mirrors and lights 604
spare ignition coil stops delay on road ... 951
spare tanks mounted on trunk rack ... 132
spark lever works starter of small auto ... 112
springs arched cold in one-man press ... 713
tool box under hood swings out from dash ... 534
tool kit fits under front seat of coach-type car 146
top for rumble seat is collapsible ... 206
twin "eyes" in headlight eliminate glare ... 953
way to prevent "vapor lock" in autos is found 599
wrench fitting eight holes has swivel sockets. 229
Automobiles, Design
auto is built like a Zeppelin for broadcasting tour ... 969
auto without an axle gives better ride ... 377
autos without axles promise earier riding ... 623
rear-motor car affords comfort and speed ... 958
small auto has rear motor and seats four ... 242
Automobiles, Driving
driving with car doors locked ... 319
here's what speed of mile a minute means ... 537
how much do you really see? ... 248
most economical car speed forty miles an hour 812
neon turning signal warns drivers behind ... 41
stop-and-go lights on dash to control autos ... 535
Automobiles, Fuel—corn turned into auto fuel ... 81
Automobiles, Lighting—mirrors on auto light bulbs eliminate glare ... 355
Automobiles, Lubrication
how to test lubrication ... 865
label on hood of car shows the side for oiling. 426
Automobiles, Polishing—auto waxed with spray gun operated by hand ... 945
Automobiles, Racing
giant racer sets new mark for ten miles ... 897
more speed! ... 705
racing drivers keep goggles clean with powder puff ... 972
the battle of the giants ... 182
Automobile, Radiator
how to clean fins quickly ... 1010
state map on, identifies your car ... 367

Automobiles, Repairing
ammonia removes carbon deposit from spark plugs ... 849
an aid in ignition timing ... 301
better method of flushing radiator ... 308
brake linings attached with aluminum rivets ... 944
brazing cracked blocks and crankcases ... 165
carbon removed from motor with hydrogen peroxide ... 518
care of chromium-plated parts ... 502
clamp with interchangeable jaws straightens auto bodies ... 864
curing electric troubles in your car ... 872
distributor breaker-point spring repaired with hairpin ... 320
drain hose for radiator prevents spilling ... 146
emergency connecting-rod bearings ... 172
expander stops piston slap ... 400
extractor for broken bolts makes work simple 284
faulty compression can be located with a mailing tube ... 144
filing ignition breaker points ... 684
gauge for Ford valve stems ... 983
hand tool irons out dents in fenders ... 439
headless bolts hold gasket while replacing cylinder head ... 853
how to clean radiator fins quickly ... 1010
how to open clogged grease fittings ... 128
how to determine a faulty coil ... 496
jack used to straighten auto axle ... 135
loosening tight emergency brake ... 131
magnet retrieves small parts in auto motor ... 351
practical suggestions for the car owner ... 854
releasing bendix starter with crank ... 672
repairing a windshield wiper ... 839
rubber-tipped valve grinder is easy to operate 206
shock-proof spark-plug tester ... 126
spark plugs cleaned by air in blast chamber ... 616
sprung hinge pins cure door rattles ... 145
testing compression of auto ... 142
testing compression of motor ... 703
timing of motor is made easy by synchronizer 754
trouble shooting in ignition systems ... 310

Automobiles, Tires
air wrench for tire molds cuts time to fifth ... 766
automatic cap on tire valve makes inflating easy 718
blowout patch from rubber mat ... 481
"electric ear" for, helps to reduce noise ... 937
locating small objects imbedded in casing ... 663
morning heat swells tires ... 375
run up high "fever" ... 279
skid chains from old casings ... 1020
the average cost of new tires today compared with year 1914 ... 973
tire spreader for small garage is portable ... 694
to match color combination of motor cars ... 635
traction treads for trucks fit over tires ... 385
trailer-tire life is doubled by separate springs 952
vacuum cleaner removes dirt from inside of casing ... 1047
vulcanizing long patches on inner tubes ... 150
wheeless tires "float" over bumps ... 361

Automobiles, Trailer
at home on the road in a trailer ... 497
completely equipped for touring ... 675
dry-land yacht has all comforts of home ... 440
greenhouse that brings plants to buyers ... 412
safe at high speeds carries load low ... 895
showrooms on wheels bring store to buyer ... 240
with four rear wheels ... 952

Automobiles, Truck
"break-em-up" is the order to truck testers ... 399
endgate lifts heavy loads ... 715
equipped as a complete talking-picture theater 935
fitted with high front wheels for use in deep water ... 902
gasoline gauge for truck tank ... 156
liquor-smuggling truck ... 6
locknut for wheels cuts accident costs ... 593
painted circus on truck attracts crowds ... 561
phone connects the drivers of hundred-ton truck ... 94
pulls self up a peak by power windlass ... 924
steel rock-catching shield protects driver ... 369
thirteen-day non-stop trip tests diesel truck ... 403
traction treads for trucks fit over tires ... 385

Aviation
abrasives in the air ... 959
actual height above ground shown by altimeter 241
air express carries parcels to speed deliveries ... 630
airplanes "bomb" Indian villages with food ... 634
air propeller of disks has variable pitch ... 423

Aviation—Continued
anti-stunting rule is most violated by flyers ... 616
at the controls of an aircraft of the future ... 734
blind flying for air liners to save time ... 413
chairs of metal magnesium makes plane lighter 229
cold weather plays tricks with flyers' phones ... 991
coming—the silent air liner ... 353
cradle to land wheel-less planes on roofs ... 424
"Do-K" shows speed in German test flights ... 779
flying box car for sky lanes of northland ... 742
flying window will carry thirty passengers ... 960
giant safety-first air liner takes shape in England ... 629
heated suit protects pilot daily at three miles up 629
huge chute to land cabin of disabled plane ... 16
huge supercharger drives plane to new record ... 591
hydraulic arm swings wing of plane into place 801
light in flyer's helmet aids in reading instruments ... 92
limit of speed of airplanes seen by expert ... 448
many airships cross ocean on office chart ... 641
mountain-top seaplane base established in Alps 87
"nets" of light on clouds trap air raiders ... 366
"Pan!" rules the airways ... 594
plane shot over waterfall to make it take air ... 401
robot pilot for big planes ... 109
seaplanes are launched on land by catapult ... 90
the man behind ocean flight heroes ... 280
what aviation offers you ... 232
wind vane with n[illegible] lights guides flyers at night ... 750
with the sky polic[illegible] ... 26

Awnings—for porches [illegible]ch do not flap in the wind ... 81

B

Babbitting—putty that keeps ... 690
Bacteria—sound waves kill germs ... 368
Bakelite—used for roofing purposes ... 87
Ball Bearings
for drawer keep it from sticking ... 794
in galley show Roman skill ... 237
Balloons
can be guided in air and propelled by flyer ... 400
to soar ten miles for data on cosmic ray ... 561
Balloons, Toy
effective in scaring birds from fruit trees ... 1042
idea is turned into money by balloon vender ... 386
made of cellophane travels long distances ... 310
Balsa Wood—tool for cutting into thin strips ... 663
Bandage—liquid adhesive for ... 180
Bannister—molding used in making handrails ... 1024
Basement
entrance door forms part of porch floor ... 1036
fireplace conceals the stairway ... 301
ventilated ash receiver for ... 319
Bat—has leaflike nose and "file" for tongue ... 375
Bathing Suits—"waterproof" ... 717
Battery Filler—with a light saves garage man's time ... 626
Batteries
auto battery operates household appliance with aid of converter ... 43
auto battery trouble cured by terminal protector 906
checking battery with "X-rayoscope" ... 285
how to make dry cells ... 1015
how to preserve the efficiency of tungar bulbs 879
light for servicing takes power from cell ... 750
rejuvenating tungar rectifying bulbs ... 695
storage, can be charged by direct current only 151
wedge used instead of bolt on terminal ... 109
Battleships—the latest in fighting ships and their eyes ... 376
Bazaar—colorful booths increase sales ... 651
Beads—coffee dip gives beads appearance of real pearls ... 833
Bearings—lubrication of ... 160
Bees
feeding bees on skimmed milk ... 830
paper protects bees in spring ... 519
Bells—electric carillons regulated by dial ... 803
Belts
abrasive dust on, wears away pulleys ... 338
cloth-covered idler pulley removes oil from leather belt ... 690
eliminating static electricity in ... 701
lapped joints improve ... 166
oil-soaked leather belting easily cleaned ... 350
rule for using crossed ... 161
water shrinks leather ... 334

Bench
fireside bench you can make ... 163
improved bench for fabric workers ... 695
Bending Machine—portable, for heavy bar stock ... 519
Bicycle
flying bikes fitted with wings and rockets ... 953
free wheeling for motor bicycles ... 991
grinder mounted on, is operated by pedals ... 929
trailer is hooked to, for carrying parcels ... 49
Billiards—rubber bulbs used as "cues" ... 265
Bin—for metal cuttings ... 162
Biographies—Daniel Willard—from section hand to railroad president ... 946
Bird Houses—in a dead tree trunk ... 839
Birds
bird refuges on waste land planned by U. S. bureau ... 251
carrier pigeons take photos automatically ... 216
cause queer accidents to planes in flight ... 897
crop of pheasants raised on Iowa farm ... 598
flexible perches for canary bird destroy mites ... 279
hummingbirds taught to feed from bottle ... 944
metal cup traps bird lice ... 653
safety slots in wing aid airplane designing ... 989
salt desert to become lake for migratory birds ... 609
saved by flushing rod attached to mower ... 892
terns show "homing ability" superior to pigeons ... 423
the speed of ... 72
tin lid scares birds from garden ... 837
toy balloons effective in scaring birds from fruit trees ... 1042
Blackboard
method of drawing perspective on ... 320
of steel with enamel surface ... 5
Blacksmith Shop—on wheels gives quick service ... 616
Blankets—woolen, how to dry quicker ... 478
Blasting—class in explosives taught safe way in blasting ... 896
Blindness
automatic eye for blind sees ordinary print ... 937
blind read any printed book with aid of electric eye ... 605
Block and Tackle—folding tripod for ... 687
Blowtorch—toy balloons supply compressed air for ... 684
Blueprints
filed vertically on swinging holders ... 253
files for, resemble boiler flues ... 513
Boats and Boating
air rotor speed craft to seek record ... 427
boat models made from old bottle corks ... 5
boat with adjustable cabin ... 897
canoe highways of the northland ... 955
ferry with tractor wheels travels on land or sea ... 23
fun at the beach with a bicycle boat ... 1016
hand truck for boat motors makes handling easy ... 251
look for dry rot when you buy a used boat ... 914
metal canoe driven by foot like a bicycle ... 439
nearly two miles a minute made by speedboat ... 794
number of pleasure yachts in country increasing ... 90
oarless rowboat operated with paddle and crank ... 193
ping-pong balls in boat hull prevent sudden sinking ... 17
"Pops" record breaking class-A outboard ... 840
portable outboard motor runs boat at six cents an hour ... 626
registry of motorboats in the United States for 1931 ... 793
rockets test Kaye Don's speed-boat model ... 748
safe playboat for children is air tank of metal ... 180
safety in boat gained by lift for anchor ... 768
siren run by outboard motor ... 1022
speedboats race on a curved prairie "track" ... 77
speedy stern-wheeler run by toy steam engine ... 1003
stop gas fires on boats with bilge solvent ... 399
throttle runs whole boat by one-lever control ... 416
true speed through water seen on speedometer ... 904
turning a canoe in strong wind ... 1035
"Venetian blind" sails add to yacht's speed Opp. 353
windlass to drain water-filled boats ... 1047
yacht dock for model boats ... 456
Bobsled Run—rounding the zigzag turn of a ... 543
Body—liver conserves body's heat by taking up water ... 265
Boiler—support for heavy flue cleaners ... 871
Bolts
abrasive compound renews bolt threads ... 694
extractor for broken, makes work simple ... 284
Bookplates—blueprint your bookplates by photography ... 131
Book Prop—frees hand while you read ... 215
Books
book printed on paper strip ... 456
display rack for store window ... 878
old, made into lamps ... 816
Booths—colorful booths increase bazaar sales ... 651
Boots—easily removed with this bootjack ... 132
Bottles
brush for cleaning, run by water pressure ... 720
containing poison identified with pins ... 1035
cutting by electrically heated wire ... 303
keeping bottle stoppers in place ... 1026
real garden in glass bottle ... 902
removing caps and covers with strong cord ... 494
shampoo bottle handy for pouring small amounts of liquid ... 482
Bowling—game for the home requires no alley ... 969
Boxes
auto jack for loosening boards without breakage ... 860
cutter for opening cardboard boxes ... 142
strong box for mailing eggs is made of paper ... 930
Brain—uses more sugar than arm ... 415
Brass—applying green finishes on ... 512
Brazing
cracked auto blocks and crankcases ... 165
extensions on drills ... 341
Brick Veneer—wire hooks hold ... 701
Bricks
cleaning used bricks with shovel ... 855
floating, are moisture proof ... 569
metal strips in brick wall make it waterproof ... 817
Bridges
bridge unites Mount Vernon and nation's capitol ... 576
caisson shell digs own pit in ten minutes ... 369
glass houses on Washington Memorial bridge offer city view ... 400
how big can bridge be made? ... 12
Kill Van Kull bridge linking Staten Island with New Jersey ... 277
longest concrete arch span named "Westinghouse" ... 272
masonry trestle built without forms ... 357
that can submerge in flood are cheapest ... 630
weights test model bridge for loads and storms ... 441
Brushes
bristles of a new paintbrush made more pliable ... 1006
cleaning show-card ... 129
corrugated paper holds ... 687
for cleaning bottles, run by water pressure ... 720
rubber-band wringer and holder for artists' brushes ... 1015
rubber bumper on the floor brush ... 141
rubber, to use in acids ... 335
Bucket—rubber band holds rope on bail ... 323
Buddha—eighty-foot image of, rests in Burmese city ... 608
Building Construction
cost of welded-steel home about same as wood ... 180
frameless house of steel built in two days ... 753
gauge on skyscraper shows speed of construction ... 57
jointless homes to be built by German architects ... 186
metal walls for buildings to lower costs ... 401
new exterior improves your old home ... 349
saddles for window cords reduce wear and noise ... 193
sealed joints in brick wall keep out moisture ... 49
shingles for inside finishing gives novel effect ... 273
steel backing for brick makes better house ... 264
steel floor that interlocks will speed building ... 632
steel flooring with corrugated underside ... 884
steel-unit wall partitions make house economical ... 743
water penetration through brick and mortar ... 495
way to test welded joints in building is sought ... 433
Building Materials
boards are made from moss to insulate houses ... 633
fireproof studs for houses are made of steel ... 959
floating bricks are moisture proof ... 569
life-time trim for walls made like linoleum ... 576
metal strips in brick wall make it waterproof ... 817
of future to be synthetic ... 893
solid-glass bricks transmit varied lighting effects ... 561
steel backing for brick makes better house ... 264
this building paper expands as temperature changes ... 389
tile that snaps onto wall and floor ... 202
waterproof and stainless material for builders ... 414
Buildings
bamboo hut the model for first skyscraper ... 432
bullet-proof tower guards entrance of building ... 710
elevators for "Radio City" make record purchase ... 600
metal walls for, to lower costs ... 401

Buildings—Continued
"Palace of Soviets" designed like U. S. skyscraper ... 887
portable city is built for Olympic athletes ... 977
tower with ten bathrooms tests water drainage 111
way to test welded joints in building is sought 433
Bullets
for use against tank pierces armor plate ... 590
man travels fast as bullet in speediest plane .. 928
Buoy—electric life buoy equipped with flare light. 59
Burglary—how safe is your home? ... 772
Burner, Gas—gives a wide, even flame ... 1039
Busses—fare box also makes change ... 223
Butterflies
of jungle bite American explorer ... 915
solution helps catch ... 860
Buttons—history of, reflects march of civilization. 88

C

Cable Railway—hauling skiers up mountain ... 14
Cables—gypsum used in fireproofing ... 113
Caisson—giant shell 1 gs own pit in ten minutes .. 369
Calipers
substitute for hermaphrodite ... 1042
to measure irregular work ... 525
Calculator—contract-bridge, speeds up the game .. 603
Camera
cheap method of doing copy work with ... 672
five-lens, to map state in one day ... 714
match-box, possible with photo enlargement .. 969
nineteen views of six films made by ... 746
operating electrically ... 128
pistol grip is useful in "shooting" pictures ... 155
shooting movies and stills at the same time ... 324
takes three colors all in one "shot" ... 438
testing speed of shutter ... 504
Cameraman—get the story! ... 404
Camping
erecting tent while wind blows ... 1006
luggage carrier hooks on car door ... 1026
practical suggestions for touring motorists ... 1007
tricks of packing ... 570
Canal, Nicaragua—surveying proposed route of ... 52
Candles—metallic wicks increase brightness of ... 660
Canoe—trips through the north woods ... 955
Cans
adjustable opener for, fits any-size lid ... 961
opened by steel wire sealed around cover ... 754
precautions with canned goods ... 848
three hundred cans a minute tested in vacuum 753
Carbon—black, as a whitener is modern miracle . 450
Carboy—containing acid swings on angle-iron frame 701
Cards (Playing)
a century of playing cards to be observed ... 973
machine deals bridge cards in ten seconds ... 598
metal rack for ... 142
Caricatures
eggs made into ... 96
it's fun to make these bent-wire ... 678
Carillons—regulated by dial to be just loud enough 803
Carpets—clamps hold carpet on stone stairs ... 689
Cartoons—making grotesque enlargements of ... 477
Carving
artist in wood carves his figures from life ... 273
fan work adds realistic touch to ... 831
master carver whittles way to fortune ... 586
model of famous cathedral carved from wood. 893
$1,000 in cash offered to whittlers ... 7
small statuettes carved with a pocketknife ... 1009
unusual woodcuts carved with a jackknife ... 659
Cash Register—raised key saves time for store clerks ... 703
Casters
cam follower from ... 855
self-adjusting, fits any piece of furniture ... 209
Castings
casting bronzes in the home workshop ... 867
mold and pattern for small ... 507
Cast Iron—breaking with water ... 695
Casts—plaster, that are unbreakable ... 527
Cathedral
of Milan, Italy, model of, carved from wood .. 893
six-foot model, is cut out with scrollsaw ... 600
Cattle
live-stock loader has an adjustable floor ... 512
"sunshine" foods put vitamins in milk ... 622
Caves—stalagmite rings count past time in ... 93
C-Clamp—tool for tightening ... 853
Ceiling—rack holds lath while working on ... 665
Cellar—counterweights help raise heavy doors ... 674
Cellophane—short cord from ... 501
Celluloid—protects glass faces of gauges and dials 171
Cells—bullet-like speeding, caught by lens ... 750
Cement
for sticking brass and glass together ... 151
high-speed cements ... 925
made of magnesium is stone-hard ... 113
Cemetery—of unknown race unearthed in Persia . 92
Chain Hoist—easily portable, weighs thirty pounds 603
Chains—grim relic of pirate days brought up by dredge ... 904
Chairs
cabinet in restaurant chair guards hat and coat 741
coach seat makes rocking chair ... 1025
debtors trapped by chair in bygone days ... 735
this gay-colored lawn chair is easily made ... 1014
Chalklines
bow holder for short ... 678
mortise in bobbin holds chalk ... 876
Checkerboard—for air or rail trips has magnetized pieces ... 629
Checkers—from phonograph records ... 126
Checks—signature stencil for, guards against fraud 355
Chemicals
dissolving crystals and other solid chemicals .. 478
explosive from natural gas is safe and cheap . 274
silks with strength of iron made from ... 945
using carbon tetrachloride in confined places . 514
Chemistry—workbench for amateur chemist ... 302
Cherry Pits—yield useful oil ... 608
Chests—a colonial chest you can make ... 661
Children
guards put on baby walker to prevent tipping 578
raising child costs parents seven thousand dollars ... 568
China—on the Eastern front ... 545
Christmas Tree—concrete base to hold large ... 156
Churchill, Winston—fifty years hence ... 390
Cider—is made by the glass in fountain juicer ... 368
Cigarets
emergency measure with ... 320
lighted cigaret is delivered from desk container 202
City
civilization is found in cities of desert ... 945
town springs out of desert at Boulder Dam site 94
Clamps
bench, self-adjusting, locks boards upright ... 187
hold ice on running board ... 1022
latest V-blocks and clamps aid machinists' work ... 5
Cleaning
dirt-resisting dry cleaner protects garments ... 927
removing paint from hands ... 482
Clocks
clock face six stories tall ... 375
electric alarm reminds you to keep appointments ... 193
electric clock with no dial works like scoreboard ... 765
electric, hanger on wall plug keeps wires hidden 251
electric hall clock is easy to build ... 691
grandfather clock houses radio set ... 295
"jump clock" in auto mirror tells time quickly 785
time at any place in world told by globe clock 277
Closets
increasing shelf space in ... 1015
shelves fitted with doors ... 839
Cloth
flexible waterproof sizing for ... 1024
liquid for fireproofing ... 302
made from aluminum in variety of colors ... 25
made from china grass ... 216
oilcloth finish on ... 849
singeing frayed ends of silk or rayon ... 302
Clothes Hamper—for the bathroom ... 481
Clothes Hanger
folding, fits suitcase ... 1010
silent valet holds coat, trousers and shoes ... 683
Clothes Hook—fastened to hinge of bathroom door 142
Clothline Posts—telescoping, aid in retaining beauty of lawn ... 508
Clothing
cuff on worker's trouser serves as nail pocket 485
dirt-resisting dry cleaner protects ... 927
heavy, aids hearing by absorbing sound ... 538
removing lint and dust from ... 1041
repair for tears in raincoats made of balloon cloth ... 130
two light garments are warmer than one heavy garment ... 209
"waterproof" bathing suits ... 717

Clothing—Continued
wet clothes kept from freezing to line with paraffin ... 486
where did you get that hat? ... 601
Coal
germs in earth may change textbooks about ... 242
revolving cone cleans coal by flotation process 928
useful as a fertilizer to stimulate plants ... 257
Codes—secrets of the master spies ... 636
Coffee—bricks used for fuel ... 91
Coke—made from petroleum, is efficient fuel ... 272
Collodion—is a good substitute for shellac ... 1020
Colonial Chest—you can make ... 661
Colors
children prefer red, and grown-ups blue ... 609
gray is now official white for the movies ... 641
Comb—pocket, clip prevents loss of ... 126
Concrete
driving large spikes into ... 869
high-speed cements ... 925
lye test for impurities in sand ... 513
Connector, Wire—like a vise simplifies line work 896
Containers—metal, leaks in, repaired with tinfoil 327
Continental Drift—tested at Greenland ... 780
Continents—shift in latitude with cooling of earth 188
Conventions—picking a president while the world listens in ... 881
Cooker—electric, for wiener sandwiches ... 263
Cooking Utensils—short wire keeps pot handles cool 302
Copper—made hard by addition of beryllium ... 360
Cord—short, from cellophane ... 501
Corks
boat models made of ... 5
film-developing clip from ... 302
Corn
even spacing of stalks produces bigger crop ... 457
tester sprouts seed corn in wet sawdust ... 517
turned into auto fuel ... 81
Corn Popper—rotary, fits gas burner ... 496
Corrosion—metal, costs U. S. billion dollars a year 770
Cosmetics—powder atomizer speeds process of applying makeup ... 430
Cotter Pins—snap hooks made from ... 1019
Cotton
for insulation ... 711
plants raise fevers ... 895
science works magic with ... 627
seeds yield gasoline by cracking process ... 943
substitute for, found in the yucca plant ... 230
summer hats made of cotton braid ... 985
transparent wrapping material made from ... 769
unloading by vacuum is quicker and cleaner ... 936
Creel—adjustable strap for, makes carrying easier 812
Crime
fooling Uncle Sam—maybe! ... 716
how body stains betray criminals ... 98
how safe is your home? ... 772
how to avoid the tricks of the pickpockets ... 252
missing persons bureau ... 978
perfumed mucilage solved mail thefts ... 456
secret movies help convict law breakers in court 781
with the sky police ... 26
Criminology—Berlin's future detectives take a course in ... 986
Crystals
dissolving crystals and other solid chemicals ... 478
that talk and sing ... 362
Cupboard—step aids in reaching upper shelves of 327
Currency—why two-dollar bills have reputation for ill luck ... 102
Cutting Torch—gasoline, is safer and cheaper ... 250

D

Dams
harnessing a river to reclaim a desert ... 908
stress meter buried in Hoover dam to warn of collapse ... 960
Deafness
deaf can hear with fingers by aid of "Teletactor" ... 229
featherweight headphones for the deaf ... 819
"silent talkies" teach deaf to "hear" with eyes 105
Dentist Office—movies on ceiling entertain patients 385
Desert—civilization is found in cities of ... 945
Desk—strain on student reduced by posture corrector ... 51
Developing—machine replaces men in developing film ... 215
Dexterity—tests show how air conditions affect you 42
Diamonds—stray, found in U. S. indicate rich field 57
Dictionary—drawer pulls help to open ... 1035
Dies—rethreading, made from old gears ... 526
Disease
are given numbers ... 384
common electric light aids in cure of rickets. 367
cure for rickets developed by chemists ... 766
easy poison-ivy treatment relieves pain quickly 367
education in cancer battle to bring cure nearer 884
electric bulb cures rickets in farm animals ... 752
gas-light rays for relief of rheumatism ... 81
heat applied to rheumatism by short-wave radio 357
home air filters to relieve hay-fever victims ... 225
less "acid-mouth" is found in excitable persons 422
liver conserves body's heat by taking up water 265
radium "bomb" for treatment of cancer kept in lead ... 952
the cause of infantile paralysis ... 414
vitamin that cures scurvy made synthetically ... 718
Dividers—improving tool-makers' ... 338
Diving—the latest means for deep-sea explorations 719
Doctor—radio brings doctor's advice to people of far north ... 364
Dog Houses—attractive homes of your pets ... 835
Dogs
dog carries advertising sign ... 915
dog tonneau carries your pet in comfort ... 127
kindness can kill them ... 378
model of famous dog copied hundred thousand times ... 201
pet or pest? ... 962
Doll House—furniture, will please your girls ... 680
Doors
anti-slamming snubber on ... 834
basement entrance door forms part of porch floor ... 1036
hinges on ball bearings ... 769
noise from slamming door reduced with rubber heel ... 507
storm, window catch closes ... 308
wooden, resists flame by exhaling chemicals ... 284
Dovetail Joints—making accurate ... 339
Dowel Pins—from meat skewers ... 507
Dowel Rods—quickly pointed on side of emery wheel ... 513
Drafting
board without T-square makes drafting easier 187
draftsman's time is saved by all-purpose tool ... 960
eccentric makes triangle adjustable ... 508
folding drawing board padlocked to wall ... 495
gummed tape will hold drawing paper on board 167
preventing erasure of lines on ruled tracing cloth ... 526
tape used on drawing board instead of tacks ... 441
tilting drawing table is handy for home draftsmen ... 304
T-square improvised from ruler and cardboard 125
using hard and soft pencils alternately ... 689
Drain Pipes—clogged, cleaned by turning a crank 529
Drawers
ball bearings for, keep it from sticking ... 794
block forms effective drawer stop ... 1031
shellac and wax relieve tight ... 508
Drawing—method of drawing perspective on blackboard ... 320
Drawing Board
folding, padlocked to wall ... 495
without T-square makes drafting easier ... 187
Drawing Table—tilting, is handy for home draftsmen ... 304
Drilling
latest oil-drilling machine ... 943
marking off holes on highly finished surfaces. 162
Drill Press
clamping jigs aid in holding work ... 866
improvised from a vise and electric motor ... 134
table with vise cuts time in half ... 812
vise on table increases efficiency of ... 172
Drills
brazing extensions on ... 341
container like a book keeps bits in place ... 741
felt washer keeps drill bit oiled ... 1047
rubber protector on chuck ... 311
small, identifying by color ... 1042
Drinking Fountain—portable, serves work crews ... 816
Drugs—the people of the United States spend $715,000,000 annually for ... 969
Drums—casters on stands provide rollers for tipping oil drums ... 1010
Dust—that smothers flames ends water damage ... 425
Dynamite
danger of frozen, reduced by research ... 446
digs post holes reducing labor costs ... 751
Dynamos—big, run in hydrogen to cut wind losses 223

E

Earth
boiling interior of, stiff as glass 982
sunspots cool the earth 201
Earthquakes—electric eye sees and warns of quakes 736
Eave Trough—wire-mesh screen keeps leaves out of 1006
Eclipse—astronomers to see eclipse in U. S. and Canada 747
Edison, Thomas A.—eternal "flame" is designed as Edison memorial 738
Education—America's expenditure for in 1931 416
Eggs
made into caricatures 96
strong paper box for shipping 930
Electric Fan—with palette-shaped blades 536
Electric Furnace—rocks and wood turn to gas in. 360
Electric Fuse—plug contains safety fuse for electric appliances 17
Electric Iron—clamps hold plug tightly in socket. 834
Electric Lamp—improvised standard 839
Electric Lights—fluid colors dye electric bulbs 25
Electric Motor—ten-cent, built from kit 92
Electric Plug
can be wired without tools 913
contains a safety fuse for electric appliances .. 17
with swivel prevents kinking of wire 430
Electric Power Plant—wind-driven, on wheels ... 50
Electric Toaster—sheet asbestos makes toaster more efficient 133
Electrical Appliances
rivet mends resistance wire 494
three currents on one wire control home devices 447
Electricity
fifty-million-volt flash to smash the atom? 278
from the sun 418
helps fly plane by operating instruments 240
how it adds to your comfort at sea 110
loss of, reduced by low temperatures 237
loss of, stopped by superconductor 626
taken from sun by tubeless cell 800
three currents on one wire control home devices 447
trouble shooting on the "high lines" 722
wireless lights up a bulb forty feet away ... 250
Electromagnet—will attract non-magnetic substances 754
Electroplating
electro-chemist tells secrets of plating 696
non-metallic objects 173
Elephants—circus, aid in building road 449
Elevators
for "Radio City" make record purchase 600
moving a city straight up task of 449
Elevators, Grain—pipe line, carries hay to silo 90
Embosser—prints your name in gold letters 274
Embossing—embossed writing with ordinary steel pen 135
Embroidery—designs transferred with carbon paper 1006
Emery Wheel—head light lens on, protects eyes... 337
Energy
electrical, cost of transmitting 1,000,000 horsepower-hours of 751
expended by runner is recorded by test tube on bicycle 895
expended in speaking found of little value ... 755
Engines, Diesel—auto expert spends half million on 365
Engines, Gas—troubles you can cure 515
Engines, Gasoline
automatically stopped when water tank is full 689
small, runs on thimbleful of fuel 65
Engraving—stylus etches photo on zinc to speed . 70
Entomology—U. S. survey of grasshoppers to aid fight in summer 193
Entrance—artistic unit of sheet metal 861
Erosion—soil, threatens U. S. with barrenness of China 15
Errors—punishment for every error increases accuracy 951
Escalators—fast-moving stairways in London subways 976
Etching—solution for copper etching 855
Exerciser—portable 975
Expeditions—this exploration business! 756
Exploration
adventure school for tomorrow's explorers 574
the hell of the blue men 898
this exploration business! 756
Explosives
from natural gas is safe and cheap 274
students taught safe way of blasting 896
Extension Cord—winder for, saves time and wear. 578
Eyeglass—unbreakable lenses for 924
Eyes
clock dial for testing warns of astigmatism 288
exerciser helps improve weak eyes 988
"eyelid crutch" for glasses helps correct sight. 369
how much do you really see? 248
powerful magnet used to draw slivers of metal from 765
reader is blind part of time as eyes scan pages 228

F

Far East—Manchuria, what is it all about? 210
Fare Box—also makes change on bus or street car 223
Farming—crops high in vitamins urged to solve farm problems 217
Farms
autos owned on three-fifths of American farms 359
demand for horses beyond supply 591
Fasting—adds to mental ability in preparing for tests 365
Faucet
hot or cold water drawn from same faucet 231
making leather washers 478
valve lasts longer by reducing friction 972
Feathers—get hues from sun by reflecting light... 263
Fence
guide used in erecting picket fence 1008
of corrugated metal protects automobiles 729
picket, template helps in building uniform 326
wire stretcher for heavy work 350
Fence Posts—steel, jack for pulling 1055
Ferry—with tractor wheels travels on land or sea .. 23
Fertilizer
coal useful as, to stimulate plants 257
nozzle fertilizes the lawn while sprinkling 600
Field Glasses—for sport broadcasts fastened to helmet 429
Figurehead—ship, of Hercules becomes "wishing image" 717
File—rubber grips for, protects hands 402
Filing
correct way to file circular saw 518
dressing aluminum stock 514
one operator replaces ten with band filer 766
raised file handle prevents injury to fingers... 351
Filling Station
big auto serves as marquee for 544
gas pump in shape of Sphinx 217
gasoline pump prints receipt for customer 568
oil rack saves time of attendant 879
Fingerprints
missing persons bureau 978
used in business to identify patrons 930
Fire Alarm—beds shaken as a, in home for deaf-mutes 86
Fire Fighting
air purifier guards fireman from smoke peril . 66
dust that smothers flames ends water damage. 425
fires extinguished by robot with "electric eye" 87
rangers to carry radio sets in fighting forest fires 741
stop gas fires on boats with bilge solvent 399
tractor for mountains clears its own path 736
wrench hundred feet long helps end oil fires .. 464
Fireplace
conceals the basement stairway 301
electric, combined with radio 6
gas heater keeps even temperature 579
Fireproofing—liquid for cloth 302
Fires
filmed for future study 412
forest, rangers to carry radio sets in fighting .. 741
jug of water starts a fire 569
Fireworks—non-poisonous "Pharaoh's serpents" .. 1014
Fish and Fishing
adjustable strap for creel makes carrying easier 812
air line into lake saves fish from dying under ice 241
battling the gladiator of the deep 918
fish in swimming pool for winter anglers 388
fish lure has many spinners like propeller blades 105
fish of uniform size caught by electrifying water 968
fishing croppies with aid of float 860
fishing through the ice 107
glass trap checks cannibalism of tropical fish. 307
lacquer to give pearl finish made from fish scales 585

Fish and Fishing—Continued
latest depth-sounding gear helps fishermen... 10
life of fishing nets may be doubled by treatment 769
net in front of fishing boat scoops up the catch 793
pond weed crops killed without injuring fish.. 576
propoises' jaws yield finest lubricant 200
rubber frog lures fish 181
salt-water bath for goldfish 125
secrets of fishes' meals sought at lake bottom 635
stalking killer fish 60
there's a thrill in bait casting 1011
thinking like a fish 786
Uncle Sam as pearl diver plants oyster beds.. 810
wiggling fish lure imitates minnow in water.. 983
Flame—color of, tells its heat 907
Flares—delayed-ignition flare carries a giant light 957
Flashlight
and key wallet are combined in one 241
handy mounting for service light 470
movable head on, throws beam anywhere 609
substitute for ring on 674
suspended from neck leaves hands free 424
Floodlights—lights to color waterfall for display at night 415
Floorboards—easy method of repairing sunken.... 307
Flooring—steel, with corrugated underside 884
Floors
pointed saw removes old flooring 527
sanded to baseboard with dustless tool 803
steel, that interlock, will speed building 632
wood rasps for surfacing 848
Flour Bin—cupboard, is removable to permit cleaning 126
Flowers
color, not odor, of flowers attracts butterflies. 582
greenhouse that brings plants to buyers 412
real garden in glass bottle 902
seed worth more than gold produces pansy... 924
spray gun replaces insects in pollenizing 628
where to plant climbing roses 1026
white rose is colored gray with dye for mourning 403
wire mesh keeps dog from digging in flower bed 860
Fog—obstacles in fog revealed by echoes 624
Fog Signals—delicate electric ear hears remote... 33
Food Cooler—attached to door 130
Foods
airplanes "bomb" Indian villages with 634
bits of metal in, found by magnetic detector.. 746
canned, easy way to empty 678
changed to power in dust motors 247
frozen, made visible by display chest 721
precaution with canned goods 848
three hundred cans a minute tested in vacuum 753
"Fool's-Gold"—has many uses in factory process. 24
Forests—tree poisoning saves money and time in weeding out 629
Forge—electric fan substituted for hand blower on 864
Fossils—rock made by plants 385
Fountain—Spanish fountain has all hues of rainbow 631
Fountain, Drinking—portable, serves work crews.. 816
Fowls—nesting place of blue goose in Arctic 91
Freight—when mishandled, shown by recorder.... 536
Frogs
"frog-farming" in yard returns big profits 24
"synthetic," aid science in gland study 191
Fruit
"apple knocker" shows effect of jolting 884
big apple grown in a bottle containing moist soil 887
canned strawberries 1026
cider is made by the glass in fountain juicer.. 368
cooking strawberries in sun rays 1013
iron filings will increase yield and quality of fruit trees 514
lemon-lime a new fruit 929
oil paper stops shrinkage of apples 569
prune picker improves fruit by eliminating wrinkles 57
saved from molding by detecting skin cuts.... 59
unused, kept moist and fresh with cellophane.1022
Fuel
coffee bricks used for 91
"fools' gold" burned as 465
petroleum coke is efficient 272
Funnel—eggshell serves as 683
Furnace
automatic stoker for the coal furnace 15
"beehive" place in, cuts cost of fuel 251
clinker guard prevents accidents when cleaning 494
electric, rocks and wood turn to gas in 360
Furniture
breakfast set, easy to make 856
built-in tables for your home, inexpensive.... 321
clear-deck smoking tray 299
Dutch-Guiana stool provides real comfort....1021
fireplace bench you can make 163
removing press marks on mohair-covered furniture 351
rubber base for upholstery takes place of springs 224
self-adjusting caster fits any piece of..... 209
what you should know about 931
yucca "breakaway," is used in movies 225

G

Galley—ball bearings in, show Roman skill 237
Games
bowling game for the home 969
checkerboard for air or rail trips has magnetized pieces 629
contract-bridge calculator speeds up the game 603
magnetic game for teaching children the alphabet 630
miniature billiard game played with rubber bulbs 265
Garage
adjustable floor lamp for 162
car lights open door during night hours 421
doors yoked together open quickly 493
drip pan for 174
portable tire spreader for small garage 694
spring bumper protects rear wall of 503
tool rack handy on creeper 1054
turntable for, moves as door opens 284
Gardens
bird bath and rock garden built around old stump 1040
flower-garden drain 1008
future, may be paved instead of plowed 902
hand cultivator run by small motor 720
tin lid scares birds from 837
Gas
house is heated and cooled with 103
plant warns of gas danger..... 355
Gas Burner—gives a wide, even flame 1039
Gas Engine—troubles you can cure 515
Gas Main—wears four coats to keep out cold.....77
Gas Masks—police rookies use masks in gas-attack drill 289
Gasoline
cotton seed yield, by cracking process 943
when using as a cleaning agent 1015
Gasoline Can—extension spout on, prevents waste of 332
Gasoline Pump—in shape of a Sphinx 217
Gauge
celluloid protects glass face of 171
for measuring depths or clearances 161
Gears—simple method of making tiny gears for models 322
Geese—nesting place of blue goose in Arctic..... 91
Geology
continents shift in latitude with cooling of earth 188
"Seward's folly" yields new riches 796
Gems
boiling in honey adds to their beauty 622
opal chips floating in ball makes giant "jewel" 451
Germs
feeding is world's queerest occupation 417
killed by water filtered in silver 753
that eats poison 111
Glass
and china substitute is unbreakable 568
bricks transmit varied effects 561
carrier for large panes of 342
cleaned with chemicals 132
elastic armor-plate glass is unbreakable 441
kittens are sealed in globe made by glass blower 199
mirror of pink-tinted glass gives natural image 902
non-breakable lenses for eyeglasses 924
platinum deposit on, provides base for soldering 486
"precious" art glass formed in many colors... 80
spun as fine as silk to have heat 417
tool for chipping 351
windows lifted into frames by big vacuum cups 359
windows made from sugar 632
woolen cloth picks up broken 1019

Glass Blowing—goggles for glass blowers to improve work ... 361
Globe—kittens are sealed in ... 199
Gloves
drying wet canvas gloves ... 307
rubber, inflating, to find small holes ... 518
Glue—coloring detects glue spots ... 351
Goats—reduce cost of milk and make a profit ... 247
Goggles
emergency, quickly made ... 871
for glass blowers to improve work ... 361
race driver's powder puff keeps goggles clean ... 972
sun glasses cover the nose and prevent burns ... 247
Gold
even if it's gold—look out! ... 610
trapped by carpet nap in latest sluice box ... 273
tricks of cutting gold bars enrich Paris jewelers 605
Gold Leaf—"larynx" for radio reproduces deep tones ... 64
Golf
electric car built especially for the golf course 801
large parasol protects workers on practice court ... 1040
practice club tells yardage for each shot ... 30
Grains—preventing oats or barley smut ... 1041
Grass—you can hear grass grow with aid of radio 635
Greenhouse—that brings plants to buyers ... 412
Greenland—continental drift tested at ... 780
Grinder
electric, for lathe does precision work ... 795
mounted on bicycle is operated by pedals ... 929
tool-post, for your lathe ... 685
writing on steel with high-speed grinder ... 985
Grinding—correct grinding for lathe tools ... 349
Grindstone
broken, repaired with flake shellac ... 506
removing dirt and steel pieces on ... 864
Gunpowder—used in splicing copper wire or cable 9
Guns
gun bores chromium-plated to prevent rusting 12
how to shoot small-gauge shells in large-gauge gun ... 663
mercury removes bullet from barrel ... 323
"peace pistol" rivets steel and welds cable ... 795
pistol with triple barrels shoots tear-gas shells 106
tear-gas shooter fits hand and protects owner ... 217
ten guns on airplane give shotgun effect ... 769
Guns, Ordnance—big gun on six-wheel truck to be world's fastest ... 113

H

Hair—elastic straps raise scalp to treat hair roots ... 750
Halo—and rainbow are seen in both day and night 240
Hammer
notched claws improve ... 526
removable face on is quickly replaced ... 86
Hammer, Hydraulic—testing machine delivers three-million-pound blow ... 894
Hammer, Power—for metal workers, operates from light socket ... 231
Hamper—combination dresser and clothes hamper for the bathroom ... 481
Handcart—this sidewalk, is made of metal ... 838
Handrails—molding used in making ... 1024
Handtruck—portable crane on, to move heavy loads ... 690
Hats
bakelite, for police, give extra protection ... 735
made from cotton braid ... 985
Mexico's walking hat store ... 641
Hay Fever—home air filters to relieve victims ... 225
Heartbeats—tube most sensitive to volts measures 747
Heat—color of flame tells its heat ... 907
Heater, Electric—also cools with ice water ... 207
Heater, Gas—fireplace, keeps even temperature ... 579
Heating and Ventilating
automatic stoker for the coal furnace ... 15
"beehive" placed in furnace cuts cost of fuel ... 251
better heat from cheaper coal with blower ... 246
electric heater also cools with ice water ... 207
fireplace gas heater keeps even temperature ... 579
house heating not affected by direction of wind 583
house is heated and cooled with gas ... 103
oil burner to fit any heater ... 179
removing film from water in boiler of heating plant ... 130
thermostat operates fire door ... 504
warm or cool air for home delivered by same unit ... 274
weather factory for home heats or cools air ... 356
Heating and Ventilating—Continued
weather is made in the home to fit your needs 954
weather making for homes opens new industry 289
weather unit for home keeps air warm or cool 201
Helium—round container gets third degree ... 792
Highway
built under town solves traffic problem ... 58
new motor road climbs Canadian Rockies ... 97
Hockey—pucks made from old rubber heels ... 151
Hoist
chain, easily portable ... 603
hydraulic arm swings wing of plane into place 801
increasing working radius of ... 172
lifting wagon boxes single handed ... 133
Holder—for watch, cigarets and memorandum pad 377
Homes
bus is converted into house for use in summer 101
fitting the home game room ... 655
how safe is your home? ... 772
new exterior improves your old home ... 349
Honey
in tubes squeezed out like shaving cream ... 743
turned into crystals will keep indefinitely ... 388
Hook—triple, for crane or fall block ... 694
Hoover Dam
harnessing a river to reclaim a desert ... 908
stress meters buried in, to warn of collapse ... 960
Horse, Mechanical—electric horse that gallops at four speeds ... 241
Horses
big hitches make easy driving ... 1041
farm demand for, beyond supply ... 591
"iron man" tames bad horses for cavalry smith 425
light bath for race horses ... 713
photo-cell protects, by giving right of way ... 626
race horse flies to track to save time ... 622
Horseshoes—rubber grips on, prevent slipping ... 903
Hose, Garden—ring and wedge choke small hose ... 855
Hospital
"fairytale" operating room appeals to children 755
portable library for ... 1042
Hotels—Chicago has more than any other city ... 271
Household Devices ... 78-254-430-606-782-974
bathroom cabinet hinged to inside of door ... 783
bread knife has adjustable guide for slicing ... 431
bridge scorer and pad ... 255
broom rack fastens to wall ... 78
cabinet gas range with side compartments for pots and pans ... 430
cake breaker that slices without crushing ... 975
candle that can be burned at both ends ... 255
clothesline clamp with hook for attaching to pole ... 78
clothes washer, hand operated ... 79
cooker, electric, for wiener sandwiches ... 263
cooking plate and cover ... 975
cut-flower holder for dish or bowl ... 431
darning form makes task of mending easier ... 430
door holder to stop intruders ... 254
dry-cleaning pad ... 974
dust-mop handle, bumper for ... 606
egg holder for the refrigerator ... 430
electric comb ... 782
electric-cord reel in base of floor lamp ... 606
electric heater, automatically controlled by time clock ... 79
electric light and mirror on adjustable stand ... 431
electric light bulb, attachment gives daylight effect ... 783
electric mixer made of glass ... 78
electric plug with swivel prevents kinking of wire ... 430
enameled metal wall tile ... 783
exerciser, portable ... 975
faucet, elevated sink, for washing bottles ... 782
flashlight, vest-pocket or purse-size ... 974
flat-plate electric ironer ... 607
floor cleaner and waxer ... 607
flour sifter, coil spring ... 254
folding bed, full-size ... 78
funnel with a hinged strainer ... 255
garden tools for home potted plants ... 255
gas range equipped with cabinet doors ... 254
gas stove with cylinder flue and plate ... 431
grill, electric kitchenette ... 79
knife, saw-edged, for cutting fruit or vegetables 78
ladders, cork shoes prevent slipping ... 606
loose-leaf binder transformer into book rest ... 431
metal cabinet top, fits any radiator ... 606
metal receptacle ... 79
mixer, motor-driven ... 606
mixing spoon with bottle opener in handle ... 974

Household Devices—Continued
mop pail with a wringer ... 782
necktie presser, wire spring ... 975
necktie rack for the wall also contains a mirror 607
plumbing fixture, brass, interchangeable handle for ... 782
polishing and cleaning mitt, rubber-lined ... 607
powder atomizer ... 430
refrigerator door opened by stepping on a pedal 974
rubber cap replaces screw top on tubes ... 607
safety seat for washing windows ... 254
saucepan lid of heat-resisting glass ... 783
scouring pack, mineral-wool, in rubber handle 254
scrubbing brush with sponge-rubber pad ... 974
self-starting cream siphon ... 783
serving tray shaped like a palette ... 255
shoelace, elastic ... 974
shoe tree, wire, fits over outside of sole ... 782
silver, cloth keeps from tarnishing ... 606
spiral wires hold bulbs in bowl ... 783
strainer, double, for kitchen sink ... 782
table lamp, electric, containing clock, ash tray and lighter ... 607
teapot, spoutless, of heat-resisting glass ... 255
vacuum for cleaning mattress ... 79
ventilator, electric, for kitchen window ... 254
washboard, rubber for lingerie or hose ... 975
wire rack for holding pot lids, attaches to the wall ... 431
House Moving—house moved across a river with aid of barge ... 451
Houses
attractive, for your pets ... 835
built out of coal even to the shingles ... 622
frameless house of steel built in two days ... 753
portable city is built for Olympic athletes ... 977
Human Body
how fast you live shown by electric meters ... 366
less "acid mouth" is found in excitable persons 422
skin good radiator of heat but poor conductor 534
Humidifier
water pan in hot-air pipe maintains proper humidity ... 486
weather unit for home keeps air warm or cool 201
Humidor—homemade, for cigars ... 672
Hunting—tricks of packing ... 570
Hydraulic Hammer—delivers three-million-pound blow ... 894
Hydraulic Press—make your own, at a small cost. 690
Hydraulic Ram—an inexpensive ... 337
Hydrography—submerged peak in sea believed two miles high ... 615

I

Icebergs—secrets of iceberg's birth ... 243
Ice Boat—runners from steel fence posts and old skiis ... 332
Ice Box
deodorizer prevents contaminated foods ... 51
string keeps drain clean ... 1036
Ice Cream—electric ice-cream factory for small shops ... 223
Ice Shaver—resembles cheese grater ... 146
Ice Skates
improvised sharpener for ... 145
that fit any shoe ... 181
Illumination
light bulb glows for hours without electricity 285
moderate light found best in observing fine detail ... 709
Illusions
"aura" observed by spiritist an optical illusion 710
trick box gives illusion of looking through solid objects ... 311
Incubator—humidity in, maintained with moistened pads ... 336
Index Tabs—quickly formed ... 1042
Indians
airplanes "bomb" Indian villages with food .. 634
teeth extracted with heat ... 924
that met Columbus objects of research ... 429
Industry—streamline used in ... 608
Ink
for use on photographs ... 503
stoppers for screw-cap ink tubes ... 526
Ink Bottle—drip from is stopped by siphon ... 256
Inlays—inlaying with colored plastic wood ... 509
Insects
butterflies of jungle bite American explorer .. 915
color, not odor, of flowers attracts butterflies. 582
Insects—Continued
electric "bomb" kills moths with chemical fumes ... 364
electric hum traps mosquitoes ... 593
fossil bugs lead to discovery of new oil fields 370
in a world of terror as a fly sees it ... 442
insect camouflage no guard against its enemies 954
mosquitoes travel by plane and menaces health 264
repellent on wrist is worn like a watch ... 812
roach trap from glass tumbler ... 654
solution helps catch butterflies ... 860
trap to lure fruit beetles by use of scent ... 972
traps for pests ... 876
U. S. survey of grasshoppers to aid fight in summer ... 193
Insulation
ancient idea of, serves modern purpose ... 285
cotton for ... 711
glass is spun as fine as silk to save heat ... 417
Inventions
biggest little idea reveals romance in ... 894
safer railroad-car coupling is needed invention 584
Washington was inventor of farming tools ... 96
what is man's greatest invention? ... 189
Irrigation—buffalo turns water pump to irrigate rice field ... 271
Islands—man-made, beauty of, revealed from air .. 802

J

Japan—on the Eastern front ... 545
Jelly—string removes paraffin top from glass ... 1031
Jewels
boiling gems in honey adds to their beauty ... 622
opal chips floating in ball make a giant "jewel" 451
Joints, Dovetail—making accurate ... 339
Jugs—glass, rubber stoppers for large ... 1024

K

Kennels—attractive homes for your pets ... 835
Kerosene—made odorless ... 1004
Keys
auto, fold into handle of pocket holder ... 223
flashlight and key container in one ... 241
made to fit auto locks ... 71
Kitchen Utensils
cord stops rattle of, against cupboard door ... 846
truing the edges of ... 132
Kites—sharp-edged "fighting kites" ... 950
Knife
how to sharpen your blade correctly ... 160
preventing sore finger when using paring knife 664
telescoping blade for pocketknife ... 199
Knots
can helps to untie ... 684
heat removes rosin from, before painting ... 305

L

Ladders
coat hooks on stepladder support work when sawing ... 508
collapsible, for working on roofs ... 869
easily converted into a workbench ... 702
extension rest improves ladder for work on eaves ... 833
rubber mat on top of stepladder holds small tools ... 478
Lakes
how clean is lake water told by "sun machine" 425
salt desert to become lake for migratory birds 609
surge like pendulum of a giant clock ... 961
under-water mower clears lake of reeds ... 817
Lamps
adjustable floor lamp for the shop or garage .. 162
crystal flashlight bulbs magnify rays ... 801
electric bulb cures rickets in farm animals ... 752
hall lamp in wrought iron ... 475
incandescent, number sold in U. S. in 1931 .. 402
light bulb glows for hours without electricity. 285
light of sodium-vapor lamp found most efficient 101
most efficient light known is sodium-vapor lamp 575
odd-shaped, gathered by collector as hobby ... 80
old books made into lamps start a business ... 816
radio horn serves as reflector for wall lamp ... 487
small lamp illuminates work without glare ... 341
wire net over street light protects glass globe. 752
Lantern—electric, has long-short focus ... 950
Lapping—hints on lapping fine work ... 342

Lathe
accurate tool-post grinder for your 685
bearings for lathe centers 729
bits, how to grind for use in shaper 1055
chip breaker for cutting tools 164
circumference divided in 1054
correct grinding for tools 349
cutting edge on super lathe harder than sapphire 903
electric grinder for, does precision work 795
faceplate clamps hold irregular work in 702
hints for operating high-speed bench 337
machining stainless steels 167
magnifying glass aids in turning small work on 172
portable home-workshop wood lathe 660
removal of cuttings simplified with wheeled box 876
turning balls in the 870
Lathing—rack holds lath while working on ceiling 665
Laundry Tub—vacuum cleaner turns, into washing machine 991
Lawns—nozzle fertilizes the lawn while you sprinkle it 600
Leather
it's easy to tool 147
made from waste like pressed wood 777
Lenses—non-breakable, for eyeglasses 924
Letter—forty centuries old, has clay envelope 895
Level
extra glass improves 695
for lines or surfaces 433
improvised from plumb bob and folding rule.. 674
that fits your pocket also contains a rule 446
Library—portable, for hospital 1042
Lice—destroying poultry lice 1045
Life
the largest and smallest of all living things... 226
third class of living things would include fungi 402
Life-Saving—electric life buoy equipped with flare light 59
Light
from sodium-vapor lamps found most efficient 101
in plants and animals made visible to man... 778
moderate, found best in observing fine detail.. 709
"nets" of light on clouds trap air raiders 366
"one-way street" for light found in tourmaline 231
wireless lights up a bulb forty feet away..... 250
Light Fixtures—ceiling, easily removed for cleaning 172
Lighting
lights on Washington shaft serve as aid to flyers 112
most efficient light known is sodium-vapor lamp 575
reader is blind part of time as eyes scan pages 228
room of a sick person 660
solid-brass bricks transmit varied lighting effects 561
Lightning—man-made thunderbolts hurled from truck 9
Light Waves—dark light promises way to talk with Mars 584
Lincoln, Abraham—what is man's greatest invention? 189
Linoleum
hints on laying 477
how to make tools for cutting 1030
how to prepare imitation 1008
Linotype
fitted with typewriter keyboard 534
sandpapering helps make cams work on 876
type is set by electric eye 943
Live-Stock Loader—has an adjustable floor 512
Loading Platform—turntable platform saves truck loading time 915
Locks
door lock with bell alarm 245
fastened by key or combination 386
lock secures open window against intruders... 111
Locomotives
a hobby that turned into a business 739
early wonders in evolution of locomotive 767
oil, all-welded, built for terminal 575
smoke deflector helps crews of 746
Stephenson's engine model valued highly 448
Loud Speakers—lives saved by giant voices in public-address system 529
Lubrication
film of oil sustains weight of quarter ton an inch 288
oil-cup filter insures safe lubrication of bearings 737
Luggage—cross-country bag for airplane pilots... 166
Lumber
graduated pole for sorting 161
mold-killing spray to save millions in 263
seasoned in one day by respiration process..... 992

M

Machining—stainless steels 167
Magic
dinner table 67
for everybody 259, 434
Magnet
big eye magnet exerts pull of ten horsepower. 765
bits of metal in food found by magnetic detector 746
retrieves small parts in auto motor 351
will attract non-magnetic substances 754
Magnifying Lens—for viewing small photographs. 991
Mail—perfumed mucilage solved mail thefts 456
Manacles—grim relic of pirate days brought up by dredge 904
Manchuria—what is it all about? 210
Manholes—portable unit for ventilating 718
Manuscripts—clipping photos to 327
Maps
distances on, measured by use of roller dial... 23
five-lens camera to map state in one day 714
for large parks aids visiting tourists 258
fourteen years needed to finish giant map 192
old map throws new light on Columbus 384
state map on auto radiator 367
Masks
false faces for everyone 970
in medieval tortures like Halloween faces..... 585
police rookies use masks in gas-attack drill... 289
Matches—one-at-a-time match holder 13
Materials—movies reveal "hurts" felt by materials when bent 374
Mathematics—mechanical brain solves difficult problems 591
Matter—smallest of all particles is found in "neutron" 738
Measurements—the largest and smallest of all living things 226
Measuring
across large openings with folding rule 160
calipers to measure irregular work 525
differential gauge can be made from combination square and head 161
level that measures lines or surfaces 433
paper guide for making straight line around cylinder 486
rule holder facilitates 839
safety razor holds short section of steel rule.. 514
Measuring Instruments
level that fits your pocket also contains a rule 446
propeller-pitch gauge 451
Meat
keeping from getting moldy 142
two ocean trips leave pork in good condition. 952
you can eat a third pound of meat daily 915
Medical Science—"synthetic" frogs aid science in gland study 191
Meeting Place—public, provided with message tablet 288
Memorial—eternal "flame" is designed as Edison memorial 738
Merchandise—where did you get that hat? 601
Mercury Vapor—steam plant to supply cheap power 42
Merry-Go-Round—winter thrills in whirling 150
Metals
bits of metal in food found by magnetic detector 746
breaking cast iron with water 695
copper made hard by addition of beryllium... 360
coppering solution for oily steel 834
corrosion costs U. S. billion dollars a year.... 770
durable and glossy metal enamel 1006
electro-chemist tells secrets of plating with... 696
elektron, an alloy of magnesium 229
"fool's gold" burned as fuel 465
how to clean brass 325
invisible light reveals the secrets of 800
metal blown from its ore like breakfast food.. 781
metal is bonded with felt to deaden sound 976
metallic skin guards alloy from furnace losses. 736
motor gas extracts nickel at low temperatures 386
new alloy changes art of watchmaking 73
platinum fog forms richest of mists 896
regained from ashes of scrap 202
rubber vulcanized to, without use of cement.. 200
rust-proof paint is made from oxide ore 929
science finds new spectra 813
seeing through metal 944
silver finish for dull metal comes in paste form 579
soft, made hard as steel by aging 801

Metals—Continued
solution for staining polished metal to show scribed lines ... 527
spirit of electric power molded in steel ... 886
stainless steel and copper make super-alloy ... 750
steel study affords greater safety in building ... 385
the moon metal comes back ... 938
three-section bin for metal cuttings ... 162
tin-can mine in city's waste yields tons of metal ... 10
transparent aluminum ... 578
Meter—reading meter with broken needle ... 343
Micrometer—in watch shape is easier to operate ... 615
Microphone—movie "mike" picks up sounds that human ear misses ... 748
Microscope
bullet-like speeding cells caught by lens ... 750
has no lens and is easy to use ... 794
how to adjust small ... 693
how to increase the magnifying power of a ... 145
invisible light reveals the secrets of metals ... 800
most powerful lens bares new invisible worlds ... 179
specimen holder for ... 319
Milk
asbestos cover keeps milk from freezing ... 156
flavor of, retained by use of amber-colored glass ... 683
goats reduce cost of ... 247
sound waves kill germs ... 368
sound waves sterilize, flowing around vibrator ... 950
"sunshine" foods put vitamines in milk ... 622
Milk Bottle—aluminum caps prevent contamination ... 718
Mill—seesaw corn mill operated by water power ... 809
Milling Machine—attachment holds work at an angle ... 1053
Minerals
"cold flame" is made visible by limestone screen ... 781
four minerals new to man are discovered in U. S. ... 429
rubber made from ... 973
"Seward's folly" yields new riches ... 796
Mines—X-ray saves lives in mines by testing fuses ... 375
Mining—metal blown from its ore like breakfast food ... 781
Mirrors
adjustable mirror is handy for shaving ... 332
aid drivers at three-way crossing ... 81
of pink-tinted glass gives natural image ... 902
solution for resilvering ... 866
Missing Persons Bureau—New York City ... 978
Miter Box
makes compound cuts ... 1046
worn slots in, repaired with hardwood strips ... 514
Model Airplanes—"Jimmy" Doolittle's Super-Solution ... 1027
Models
a hobby that turned into a business ... 739
De Witt Clinton train ... 136, 312, 488, 666, 851
electric submarine dives automatically ... 827
famous cathedral of Milan, Italy carved from wood ... 893
how movie mistakes are corrected in advance ... 446
master carver ... 586
miniature pipe organ played by electricity ... 457
miniature river helps study of erosion and floods ... 907
model of battleship used to instruct seamen ... 737
model of famous dog copied hundred thousand times ... 201
motor car carved in wood has engine ... 58
original Edison phone model is put on exhibition ... 413
plaster model of White House ... 544
simple method of making tiny gears for ... 322
six-foot cathedral is cut out with scrollsaw ... 600
speedy stern-wheeler run by toy steam engine ... 1003
yacht dock for model boats ... 456
Model Ships
coloring antique lanterns for ... 135
fan bellies sails while applying stiffening liquid ... 834
waxing model-ship cordage ... 133
Molding
compound for fast, may be colored easily ... 73
cutting on your circular saw ... 157
Molds—animal, for children make clay menagerie ... 209
Money—the moon metal comes back ... 938
Monkeys—take sunshine milk as cure for rickets ... 600
Monuments—lights on Washington shaft serve as aid to flyers ... 112
Mortar—sugar strengthens ... 913
Moss—boards are made from, to insulate houses ... 633
Moth Balls—check fungi and parasites that kill plants ... 359
Moths—electric "bomb" kills moths with chemical fumes ... 364
Motorcycle
lunch stand on ... 907
rider is antenna of police radio set ... 583
Motors—slow motor to run forever designed like watch ... 795
Motors, Electric—ten-cent, built from kit ... 92
Motors, Outboard
electric, operates on battery ... 32
hand truck for, makes handling easy ... 251
Mountain Climbing—air supply carried on backs of climbers ... 105
Mountains—cable railway hauling skiers up mountain ... 14
Moving Pictures
camera tricks in the talkies ... 227
fires filmed for future study ... 412
gray is now official white for the movies ... 641
how the "diving" plane is filmed in safety ... 633
how movie mistakes are corrected in advance ... 446
life-size movies for home with novel projector ... 245
machine replaces men in developing film ... 215
magnetic letters as titles for amateur movie fan ... 583
microphones pick up sounds that human ear misses ... 748
movie camera has stop watch to time workers ... 568
movies on ceiling entertain dentist's patients ... 385
night movies easy to make by "continuous flash" ... 916
peephsow movie turned by hand crank ... 188
portable talkies for school ... 426
portable talking-picture machine ... 467
projection booth and screen for home movies ... 833
projector for home talkies cuts down distortion ... 43
projector gives clear view of laboratory work ... 535
radio programs put on film like talking pictures ... 441
railway station has movies to amuse travelers ... 603
reveal "hurts" felt by materials when bent ... 374
secret movies help convict law breakers in court ... 781
shooting movies and stills at the same time ... 324
"silent talkies" teach deaf to "hear" with eyes ... 105
sky movies flash on clouds and mountains ... 905
the truth about wild animals in the movies ... 194
yucca breakaway furniture is used in movies ... 225
Mower
birds saved by flushing rod attached to ... 892
steel band protects wheels ... 869
under-water, clears lake of reeds ... 817
Music
electric voice and music are put on the air ... 398
page turner worked by pressure of knee ... 72
robot that listens to, is orchestra critic ... 641
Musical Instruments
miniature pipe organ played by electricity ... 457
piano produces organ tones by radio amplification ... 930
pipe organ in compact case ... 94
removing dents from cornet bell ... 527
shift in saxophone controls makes it easier to play ... 284
violin taught in half hour by aid of color ... 711
violin turned into bass viol by use of electricity ... 66
violin with keys like piano ... 449

N

Nails
cuff on worker's trouser serves as nail pocket ... 485
diving into boards near the end ... 154
pressure nail driver ... 105
Nail Set—simple repair for broken ... 1020
Navigation
liners guided by sea bottom instead of the stars ... 439
obstacles in fog revealed by echoes ... 624
with the Chinese pirates ... 266
Navy—the latest in fighting ships ... 376
Navy, Italian—cruiser built in record time of less than year ... 361
Navy, U. S.
direction finder for storms tested for navy ... 207
latest of navy "flying eyes" is twin-motored plane ... 31
midnight with the battlefleet ... 82
model of naval vessel used to instruct seamen ... 737
numbers on battleships guide flyers in war game ... 988
with the Chinese pirates ... 266
Necktie
of rubber, is soil-proof ... 640
wire spring presser ... 975
Necktie Rack—hidden behind Chippendale mirror ... 1023
Neutron—smallest of all particles ... 738

New Orleans—millions spent to improve city's "backyard" 112
Newsreel—get the story! 404
Nickelplating—hydrogen peroxide prevents pitting of 165
Nozzle—used by sand blasters has longer life 217

O

Ocean
seas offer great riches to future generations 814
soundings in the Caribbean sea 809
study of life in tropical waters 540
submerged peak in sea believed two miles high 615
waves higher in south seas than in northern 465
Odors—dollars in scents savings by control of smells 398
Office Supplies—hole in bottom of tray aids in removing papers 326
Oil
"bug men" lead hunt searching for oil with microscope 370
cherry pits yield useful oil 608
film of, sustains weight of quarter ton an inch 288
monel-metal strainer 703
peace-time spies! 44
porpoises' jaws yield finest lubricant 200
tests for lubricating 175
Oil Burner—to fit any heater has gravity feet 179
Oil Cup—filter insures safe lubrication of bearings 737
Oil Drum
casters on stands provide rollers for tipping 1010
portable truck supports 166
Oil Wells
latest drilling machine enlarges size of well 943
tattle-tale steel brains 804
wrench hundred feet long helps end oil fires 464
Olympic Games
how Olympic champions are made 888
portable city is built for Olympic athletes 977
Orchard—propeller prevents frost in 864
Outboard Motors—hand truck for, makes handling easy 251
Oxygen—air supply carried on backs of mountain climbers 105
Oysters
for anemia 357
Uncle Sam as pearl diver plants oyster beds 810
window-shell oyster makes "glass" for arts 993

P

Packing
how queer goods are shipped 206
tricks of 570
Paintings—four stories high made with magic lantern 744
Paints and Painting
alcohol restores original luster of shellac 327
all-purpose aluminum paint resists heat and acids 621
applying paint to tile 518
auto plates made visible at night by varnish 237
cleaning show-card brushes 129
cup holds putty on paint buket 155
durable and glossy metal enamel 1006
effective paint and varnish remover 878
efficient paint and varnish drier 1053
"electric eye" for paint gun turns spray on and off 635
extension handle for paintbrush 161
gum makes varnish elastic 849
holes in bucket rim save paint 482
how to make a flat paint 156
how to make a good wall size 507
how to make calcimine brush easier 308
how to prepare fire-stained walls before painting 858
imitation ground-glass paint 338
keeping flies from fresh paint 1055
lacquer to give pearl finish made from fish scales 585
making exterior paint white 340
mixes for various colors of gray 1047
mixing water-color stencil paint 503
old masters' paint secrets are rediscovered 92
paint buckets painted with color each contains on the outside 679
paint fed to brush by tubing helps sign painter 70
paint for hat surfaces 702
paints for steam radiator 323
paints with rubber pigment used centuries ago 768
paper pie plate absorbs paint rings 1026
Paints and Painting—Continued
phonograph aids in striping small circular articles 332
phonograph motor rotates round objects while paint dries 674
pipe paint resists moisture and heat 71
preventing discoloration of shellac varnish 831
producing marble effects with paint 324
removing paint from hands 482
rolling guide for paint striping 658
rubber cup for mixing water colors 322
rust-proof paint is made from oxide ore 929
scaffold horses for painters are adjustable 335
straining cloth clipped to bucket with clothes-pins 1015
stuck caps on paint tubes, method of loosening 653
to retard the setting of shellac 703
uniform stain on black walnut 516
wall decoration improves your home 168
Paleontology—"bug men" lead hunt searching for oil with a microscope 370
Palette—artists', muffin pan serves as 855
Paper
building, expands as temperature changes 389
guide for tearing heavy paper from the roll 1035
oiled, stops shrinking of apples 569
punching holes in large sheets 307
Papers—valuable, fireproof container for, made of pipe 482
Parachute
huge, to land cabin of disabled plane 16
photo made from, shows leap from plane 914
roster of Caterpillar Club now over four hundred 945
Parks—map stands for, aid visiting tourists 258
Partition—checking dust when removing 1005
Paste—rubber plate scraper used as brush 145
Paste Tubes—rubber valve on, closes automatically 717
Patents
plant, in color help describe new varieties 51
speeded to save time of inventor 604
Pavement
holes under, filled by mudjacks 625
non-kid, makes motoring safer 778
Paving
old fences made into roads by stone crusher 389
road monster lays a mile of paving a day 447
Pencil
electric, for writing in gold or silver 5
holder on finger aids when making check marks 151
Pencil Sharpener—fastened inside of desk drawer 1014
Perfumes
made in solid form 1022
to put you asleep for operation foreseen 768
Phonograph
checkers from old records 126
Edison work revived to end needle scratch 416
preserving fiber records 496
Photo-Electric Cell
blind read any printed book with aid of 605
car lights open garage door during night hours 421
"electric eye" is painless time saver 224
electricity taken from sun by tubeless cell 800
fires extinguished by robot with "electric eye" 87
for airplanes "sees" through fog 209
for paint gun, turns spray on and off 635
helps camera by timing exposure 72
helps harden steel for valves 256
light beam transmits voice over wireless telephone 32
mechanical brain solves difficult problems 591
new photo-cell operation 470
protects horses by giving right of way 626
sees and warns of quakes 736
television on beam of light seen by 388
type is set by, as it reads the story 943
Photographs
dust-proofing picture frames 1009
magnifier for small photos 991
making grotesque enlargements of 477
writing ink for 503
Photography
blueprint your bookplates by 131
camera takes three colors all in one "shot" 438
carrier pigeons take photos automatically 216
cause and cure of dark corners on photos 847
celluloid sheet holds objects for photographic purposes 1026
cheap method of doing copy work with camera 672
comic photos taken on headlight 1036
continuous movie-film developer 215
developing machine is driven by clockwork 654

Photography—Continued
"electric eye" helps camera by timing exposure 72
film-developing clip from cork 302
films, pinned to float, are kept clean in wash 482
filter shows density of shadows when photographing 146
firing faulty photo flash bulbs 849
get the story! 404
heat-sensitive photo plates take pictures in dark 737
holder for enlarging paper 508
how to keep photographic solutions 494
how to make "high-key" photos 487
imitation match flame for use when photographing 310
ladder tripod for taking overhead photos 1025
match-box camera possible with photo enlargement 969
mirror reflects camera view finder 1015
night movies easy to make by "continuous flash" 916
nineteen views of six films made by auto-camera 746
operating the camera electrically 128
paper keeps powder in flash gun when wind blows 325
paper strip on watch crystal checks developing time 1031
photo flash lamp takes undewater views 502
photo made from parachute shows leap from plane 914
photos taken in the dark 275
pistol grip is useful in "shooting" pictures 155
producing photo developing trays 326
recoating photo developing trays 132
screen for use in developing new high-speed photo plates 653
shooting movies and stills at the same time 324
sponge-rubber pad applied to platen of photo printer 684
spring tongs for handling new photo plates 325
test light for photo flash lamp 134
testing speed of camera shutter 504
Photography, Aerial
eye of camera in plane sees over two hundred miles 770
five-lens camera to map state in one day 714
Physiology—capillaries heat fingers and toes 80
Piano—produces organ tones by radio amplification 930
Pickpockets—how to avoid the tricks of 252
Picture Frames
dust-proofing 1009
paper clamps hold while gluing 674
Pictures
enlarged with reading glass and flashlight 1031
making grotesque enlargements of 477
reduced size of, obtained by optical illusion 703
tracing enlarged magazine pictures on walls 853
yuletide shadow box gives realistic effect 143
Pinch Bar—fitted with rollers for moving heavy objects 513
Pipe Fitting—chart aids in determining amount of pipe for job 703
Pipe Lines—oil or gas line not corroded by electric currents 106
Pipe Organ
in compact case is as portable as piano 94
miniature, played by electricity 457
Pipe Valve—an emergency 171
Pipes
cement-mortar pipe coating prevents corrosion 574
fireproof container for valuable papers made of pipe 482
four sizes of pipe threaded with a single tool 766
gas main wears four coats to keep out cold 77
hot-water, cause and prevention of noises in 304
paint for, resists moisture and heat 71
Pirates—with the Chinese pirates 266
Pistons—repairs for worn or broken stuffing-gland seat 343
Plane Iron—caster helps sharpen 1039
Planer—bench, waste trap for 320
Plants
brainlike system in, found near leaf tips 958
cardboard boxes protect shrubs from frost 833
coal useful as a fertilizer 257
cotton plants raise fevers 895
eggshell forms a good container for young 830
electrical energy of seeds predicts size of plants 893
greenhouse that brings plants to buyers 412
heating soil around house plants induces rapid growth 305
moth balls check fungi and parasites that kill plants 359
Plants—Continued
new types of produced by using X-rays 422
patents in color help describe new varieties 51
rocks made by 385
soil heating for roof farm speeds plant growth 886
spring clothespins hold climbing vines to trellis 1020
substitute for cotton found in the yucca plant 230
sunlight reflected on plants in shade 848
the latest miracle of the plant wizards 452
tomato plant warns of gas danger 355
where to plant climbing roses 1026
yam provides substitute for green plants and flowers 326
Plaster
drying patches quickly 300
rough-finishing plaster patches 511
Plastic Wood—inlaying with colored 509
Platform—safety stand for workmen on building exteriors 102
Plating—electro-chemist tells secrets of 696
Platinum—fog forms richest of mists 896
Playing Cards—a century of, to be observed 973
Pliers—lacquer insulates 159
Plow—cuts furrow forty-two inches deep 592
Pocketknife—with an extension blade 199
Poison Ivy—easy treatment for, relieves pain quickly 367
Poles—dynamite digs post holes 751
Police
bakelite hats for, give extra protection 735
Berlin's future detectives take a course in a school of criminology 986
missing persons bureau 978
motorcycle equipped with compact radio receiver 583
Ponds—weed crops killed without injuring fish 576
Pool, Water—how to prevent small concrete pools from breakage by freezing 478
Porcelain—and glass substitute in unbreakable 568
Portraits—engrained on wood will not fade with age 224
Post Holes
dynamite digs, reducing labor costs 751
scoop for cleaning out 503
Potatoes
ripe apples guard potatoes from sprouting in bin 727
shipped in a gas grow faster 91
Poultry
air "bombs" may hatch chicks in twenty-four hours 258
artificial sunlight for hens produces better eggs 76
destroying lice 1045
electrically heated brooder in store displays baby chicks 870
humidity in incubator maintained with moistened pads 336
nicotine sulphate kills chicken lice 834
this warm brooder develops sturdy chicks 481
trap nests give pedigreed eggs 539
"wingless" fowl being herd to make fencing easy 778
Power
big dynamos run in hydrogen to cut wind losses 223
electricity from the sun 418
food is changed to, in dust motors 247
mercury-vapor steam plant to supply cheap power 42
Power Converter—connected to auto battery operates household appliances 43
Power Hammer—for metal workers, operates from light socket 231
Power Lines
lightning bolts for testing 9
trouble shooting on the "high lines" 722
Power Machines—sponge rubber to quiet 878
Power Plant
electric, wind-driven on wheels 50
Russian "spider" to convert water into power 536
water, capacity increased in 1931 529
wind-driven, you can build 1043
Pressures—the world of high pressure is modern "Wonderland" 993
Printing
badges on cloth ribbon 879
books printed on paper strip 456
embosser prints your name in gold letters 274
fan aids in printing large sheets 343
helpful hints for printers 335
inexpensive tint blocks for printers 1054
sandpaper helps run self-feeding press 689
showcards printed by hand, on fast, simple press 188
stoppers for screw-cap ink tubes 526

Printing—Continued
type is set by electric eye as it reads the story 943
Prize Offer—jackknife wood carving 7
Prohibition—counterfeit load of lumber hides liquor in truck 6
Projector
for home talkies cuts down distorition 43
gives clear view of laboratory work 535
life-size movies for home 245
portable sound-film, for use in schools 426
tracing enlarged magazine pictures on wall 853
Propeller
air, of disks has variable pitch 423
painting outboard propellers red 1030
prevents frost in orchard 864
Psychology
fast adds to mental ability in preparing for tests 365
how science has turned fortune teller 95
punishment for every error increases accuracy 951
Public-Address System—lives saved by giant voices in 529
Pulleys
abrasive dust on belts wears away 338
has vacuum-cup grip to stop belt slippage 770
practical substitute for 320
Pumps
centrifugal, keeping corrosives from entering bearings 1047
giant pump used in drainage project 25
salt thaws out pump quickly 142
"vacuum booster" for, ends deep-well ills 231
Punch—nut prevents breakage 871
Punch Press—swinging arm to support large work on 514
Puzzles 176, 352, 528, 880, 1056

R

Radiators—steam, paints for 323
Radio
around the world on the air 287
automatic tuning for radio brings in programs 401
average radio set is used 4.04 hours daily 623
central receiving set serves many subscribers 985
conquers sea depths to reach submarines 715
dark light promises way to talk with Mars 584
easy solutions for common radio problems 471, 823
fading may be stopped by charting earth's air 187
fake radio truck bluffs unlicensed fans 257
gold-leaf "larynx" for, reproduces deep tones 64
growing in popularity as hobby for amateurs 575
how distant dispatcher's voice guides destiny of great air liners 594
moon weakens radio waves 445
practical ideas for the radio experimenter 117, 291, 649, 999
programs put on film like talking pictures 441
short radio wave pepped up to give more power 887
static and fading eliminated by short waves 106
voice bounces off upper air from U. S. to Honolulu 202
Radio, Aerials
iron-pipe standards for apartment antennas 644
screen antenna for small sets 470
Radio, Apparatus
adding high-power linear amplifier to 50-watt amateur phone 996
amplifier gives old phonograph new voice 114
cash boxes used to house test sets 121
chemical code recorder from the junk box 826
code practice set for headphones 995
converter for old set makes superheterodyne 71
drum dial for the junior experimenter 650
dynamometer is run by battery 292
featherweight headphones for the deaf 819
filament transformer serves all purposes 994
hi-power supply for fifty-watt transmitter 122
homemade resistance bridge for amateurs 645
improved binding-post strip 295
light bulb as non-inductive resistor 468
light relay complete in package form 1022
line controls for the amateur transmitter 298
modern radio test panel for service men 466
old tube as lightning arrester 295
power amplifier employs hand-made parts 642
power supply for amateur-band receiver 296
power unit for experimental short-wave converters 818
protecting sensitive meters 995
push-pull short-wave transmitter is easy to build 290
simple short-wave transmitter 820
Radio, Apparatus—Continued
simplified home recording 468
simplified light-control units 292
you can build this vacuum-type voltmeter 115
Radio, Applications
heat applied to rheumatism by short-wave radio 357
radio brings doctor's advice to people of far north 364
radio tractor controlled by key plows field 450
rangers to carry radio sets in fighting forest fires 741
welding by radio frequency reduces heat losses 972
you can hear grass grow with aid of radio 635
Radio, Batteries
C-bias from batteries 468
radio set for car is powered by B-eliminator 608
Radio, Broadcasting
around the world on the air 286
auto is built like a zeppelin for broadcasting tour 969
electric voice and music are put on the air 398
field glasses fastened to helmet for sports announcer 429
picking a president while the world listens in 881
Radio, Cabinet
and humidor for your den 469
table cabinet for phono-radio 470
Radio, Coils
improving hand-wound 467
protecting from moisture 121
spool holder for winding 474
Radio, Construction
a.c. short-wave receiver for the amateur bands 118
amplifier gives old phonograph new voice 114
avoiding poor contacts 650
drum dial from drinking cup 1002
pentode amplifier without altering old sets 293
power supply for amateur-band receiver 296
push-pull short-wave transmitter is easy to build 290
space winding coils 643
spacing columns from metal tubing 995
talcum for locating screw holes 467
television disks you can make 647
tube base as battery connector 474
Radio, Ground—inexpensive connections 474
Radio, Loud Speaker
hinged baffle for dynamic speaker 467
ornamental baffle for auditorium dynamic speaker 643
repairing speaker cords 644
Radio, Panels—new uses for old panels 474
Radio, Receivers
a.c. short-wave receiver for the amateur bands 118
all-wave super tunes from 20 to 550 meters 294
combined radio and fireplace 6
grandfather clock houses radio set 295
installing your DX auto receiver 1000
low-cost receiver is all-electric 472
sight and sound set employs sixteen tubes 822
six-tube DX auto receiver 824
table set has controls on top 121
Radio, Reception
Ford coils as interference filters 116
interference carried by power lines 998
moon weakens radio waves 445
power-line static reduced by research 625
reducing hum in power units 822
Radio, Repairing
insulating auto-set cable 121
refinishing meter cases 998
replacing color-coded parts 1002
speaker cords repaired 644
trouble traced to connectors 650
why old sets lack pep 822
Radio, Television
on beam of light seen by electric eye 388
radiovision to bring world to you 749
sight and sound set employs sixteen tubes 822
television disks you can make 647
television set is self-contained 644
Radio, Testing—homemade condenser tester plugs in line 998
Radio, Tubes
labels for tube records 295
new photo-cell operation 470
pentode amplifier without altering old sets 293
prolonging life of rectifier tubes 295
protecting tubes in short-wave sets 292
resistors for C-bias 995
shock absorbers for 822
Radium—for treatment of cancer kept in lead receptacle 952

Railroads
all-welded oil locomotives built for terminal 575
aluminum freight car saves ten tons in weight 593
box of blocks "spots" cars in big rail terminal 438
bulk freight boxed in steel wins carload rates 605
early wonders in evolution of locomotive 767
electric car is streamlined for high speed 113
electric switchman rules train movements 617
England wins the rail speed record for trains 713
fast plane on rails runs above railway 727
railway station has movies to amuse travelers 603
safer railroad-car coupling is needed invention 584
seven-ton car makes mile a minute 784
smoke deflector helps crews of locomotive 746
standing still at eighty-five miles an hour 751
Stephenson's engine model valued highly 448
water in glass gauges rails for smoothness 65
when the law is reversed on rope railway 593
Rain—artificial rain tests phones when nature fails 984
Rainbow—and halo are seen in both day and night 240
Raincoats—repair for tears in 130
Ram—hydraulic, inexpensive 337
Rayon—from sugar cane 893
Rays—"cold flame" is made visible by limestone screen 781
Rays, Cosmic
balloons to soar ten miles for data on 561
more powerful than waves from sun 109
Razor—electric, dry shave is now possible with 271
Razor Blades
remove sleet from auto windshield 181
safety, sharpener hones and strops 265
Razor Strop—cuts in, mended with glue 125
Real Estate—three more "ghost surveys" are rechecked by U. S. 785
Recreation—fitting the home game room 655
Reflector
metal, sun's health rays increased by 883
radio horn serves as 487
Refreshments—lunch stand on motorcycle 907
Refrigerator
frozen foods made visible by display chest 721
house built in, for study of atoms 720
ice-box deodorizer prevents contaminated foods 51
water cools food cupboard without aid of ice 32
Restaurant—cabinet in chair guards hat and coat 741
Rheumatism—heat applied to, by short-wave radio 357
River—miniature, helps study of erosion and floods 907
Riveting—and welding gun powered by cartridges 795
Roads
circus elephants aid in building 449
holes under pavement filled by mudjacks 625
new motor road climbs Canadian Rockies 97
non-skid pavement makes motoring safer 778
old fences made into, by stone crusher 389
road monster lays a mile of paving a day 447
salt and cinders reduce hazard of icy roads 134
teeth of road machines last longer if hard-coated 542
Robot—that listens to music is orchestra critic 641
Rockets
artist's drawing of moon-bound rocket 885
at the controls of an aircraft of the future 734
design for a rocket plane 624
from Europe to New York by rocket? 458
test Kay Don's speed-boat model 748
Rocks—made by plants 385
Rodents
a "sure-fire" trap 305
moth balls drive away moles 859
trees and shrubbery protected against 870
Roller Skates—move packing cases 151
Roofing
aluminum plate on shingles 111
bakelite is used for, in place of heavy tile 87
hints on applying steel 679
plank on triangular supports holds shingles when covering roof 1041
rubber aids when using roofing nails and washers 129
Roofs
staining shingles with used motor oil 311
to avoid slipping on 145
Rope
how to find the strength of 256
pole on tether prevents tangling 1053
preventing breakage of towrope 673
window measures rope quickly 175
Router—corner ornaments cut with 876
Rowing—mirror helps rowing crew to acquire form 539
Rubber
applied by spray gun protects metal from acid 793
made from crude oil and ground sugar cane 414
Rubber—Continued
made from minerals is good substitute 973
salt-water, to help solve world problem 24
that absorbs water has commercial value 585
vulcanized to metal without use of cement 200
Rubbish—pieces of art made out of 89
Rugs—safety rug has rubber base to prevent slipping 539
Ruler—paraffin applied to edge of 141
Runway—directly from street level into fifth floor of factory 815

S

Safe—in taxi for fare's name protects the driver 883
Safety Devices and Measures
fence of corrugated metal protects automobiles 729
life raft for planes at sea 239
non-skid highway pavement makes motoring safer 778
safety in boat gained by lift for anchor 768
salt and cinders reduce hazard of icy roads 134
stand for workmen on building exteriors 102
statue warns auto drivers of weak tire dangers 896
stop sign sinks in pavement as auto passes over it 465
torpedo-shaped safety zone deflects oncoming autos 721
traffic mirrors aid drivers at three-way crossing 81
Salt Desert—to become lake for migratory birds 609
Salvage
gold from the depths 1
lost treasures of the Pacific 730
Lusitania treasure to be raised 177
tin-can mine in city's waste yields tons of metal 10
vacuum sweeper recovers sunken treasure 387
Sand—lye test for impurities in 513
Sand Blasting—nozzle has longer life and needs no coupling 217
Sander
floors sanded to baseboard with dustless tool 803
spindle, has flexible shaft 342
Sandpaper
helps run self-feeding press 689
rubber block for, gives comfortable grip 993
rubber pad improves sandpaper block 341
Sawhorse—hinged sides increase usefulness of 301
Saws and Sawing
adapting power hacksaw blades to hand work 695
caster aids in cutting limber wood 503
coat hooks on stepladder support work when sawing 508
correct way to file circular saw 518
curtain rod protects saw teeth 323
cutting molding on your circular saw 157
double hacksaw blades for sawing small tubing 1046
one-man circular tree saw 33
pointed saw removes old flooring 527
portable power saw saves work felling redwoods 984
quick remedy for saw that "runs" 1055
saw harder than sapphires cuts treated woods 187
scabbard for your saws 161
screen molding made on small circular saw 166
spacer helps in saw filing 332
teeth on back of saw blade used for cutting nails 513
tobacco tin aids in ripping stock 679
two-blade coping saw makes parallel cuts 482
universal miter box makes compound cuts 1046
wind saws farmer's wood in primitive fashion 102
worn slots in miter box repaired with hardwood strips 514
Scaffolding—scaffold horses for painters are adjustable 335
Scales
automatic, fills bags and weighs contents 71
for weighing atoms 728
improvised balance scale uses coins for weights 496
portable scale aids inventory 878
talking, announce weight vocally 105
Scalp—elastic straps raise scalp to treat hair roots 750
School Desk—strain on student reduced by posture corrector 51
Schools—adventure school for tomorrow's explorers 574
Science
fifty years hence 390
finds new spectra 813
how science has turned fortune teller 95
Screen, Wire
rack for rolls solves handling problem 743
self-measuring screen roll 957

Screwcyes
held on old piston ring ... 524
metal plate keeps tight ... 678
Screws
driving in narrow places ... 869
making wood screws foolproof ... 852
Scriber—block with wide range of height adjustments ... 337
Searchlight—"nets" of light on clouds trap air raiders ... 366
Seats—playroom seats resemble animals ... 505
Secret **Service**—secrets of the master spies ... 636
Seeds
electrical energy of, predicts size of plants ... 893
worth more than gold produces pansy ... 924
Serving **Trays**—celluloid hoods on ... 1041
Sewage—city obtains heat and power from ... 989
Shadow **Box**—Yuletide, gives realistic effect ... 143
Shafting—old pistons used as bearings for ... 327
Shaper
ball-bearing, made from scrap parts ... 333
how to grind lathe bits for use in ... 1055
Shaving—dry shave is now possible with electric razor ... 271
Shaving **Brush**—rubber pad on, replaces bristles ... 785
Shears
pruning, cut without smashing ... 755
this all purpose shear is held in the vise ... 865
with broken handle can be used in vise ... 151
Sheep—holding while shearing ... 869
Sheet **Metal**—shaping, without the use of a bending machine ... 144
Shelf
swinging, from discarded windshield parts ... 506
tape on shelf bracket holds glass from slipping 673
Shelf **Brackets**—easily made ... 859
Shingles—for inside finishing gives novel effect ... 273
Shipbuilding—art of, taught with models ... 580
Shipping
how queer goods are shipped ... 206
when freight is mishandled shown by recorder 536
Ships and **Shipping**
air rotor speed craft to seek record ... 427
"all hands on deck!" in the menagerie ship ... 764
automatic gangplank speeds ship loading ... 983
delicate electric ear hears remote fog signals ... 33
"electric sailors" man yacht that has four masts 569
fads in funnels—they're square this year ... 951
frame of huge liner takes shape in France ... 721
gold from the depths ... 1
how electricity adds to your comfort at sea ... 110
liners guided by sea bottom instead of the stars 439
Lusitania treasure to be raised ... 177
midnight with the battlefleet ... 82
motor ships show big gains in American registry ... 561
"Old Ironsides" rebuilt ... 74
portable dance floor on the liner "Majestic" ... 201
queer ship carries cargo of railway trains ... 728
shipbuilding taught with models ... 580
ship-to-shore phone on five liners ... 277
the sovereign ship of the seas ... 34
United States shipping board world's largest ship owner ... 400
when a ship wets her nose for first time ... 771
when fire and blasts destroy huge liner ... 238
why a huge liner runs amuck! ... 218
with the Chinese pirates ... 266
Ships, **Model**
coloring antique lanterns for ... 135
fan bellies sails while applying stiffening liquid 834
waxing model-ship cordage ... 133
Shoelace—elastic ... 974
Shoes
electric lamp dries wet shoes ... 831
fuller's earth restores oily shoes ... 653
how to keep sand or gravel out of ... 684
safety shoes undergo tests to protect wearer ... 754
Shoe-**Shining Stand**—folds into wall ... 478
Shovel
oiling will prevent snow from sticking to it ... 156
snow, made from an auto hood ... 128
Show **Cards**
hydrometer forms raised letters on ... 167
printed by hand on fast, simple press ... 188
Signs
"ad" two thousand years old ... 984
this sign breaks up letters and reassembles them ... 263
write-it-yourself sign seen either day or night 31
Silk
made from chemicals ... 945
Silk—Continued
rayon from sugar cane ... 893
Silver
germs are killed by water filtered in ... 753
the moon metal comes back ... 938
Sink—rubber mat in, saves dishes ... 493
Siphon—for aquarium is self-starting ... 487
Sketching—an artist's sketching glass ... 877
Skiing—taught indoors on snowless chute ... 542
Skin—good radiator of heat but poor conductor ... 534
Skis
making your own ... 479
sheet-metal brakes prevent backslip ... 135
Skyscraper
bamboo hut the model for first ... 432
gauge on, shows speed of construction ... 57
Sleds
brakes for heavily loaded ... 336
build this ice speedster ... 328, 483
"Poo-Bah"—a winter windjammer ... 308
with wings like plane ... 242
Sleep—tests show how air conditions affect you ... 42
Smokers' Accessories
clear-deck smoking tray ... 299
homemade humidor for cigars ... 672
lighted cigaret is delivered from desk container 202
pipe contains match striker in its grooved bowl 5
Smokestack—dismantling without damage ... 688
Smoking Tray—clear-deck, fits easy-chair arm ... 299
Smuggling
counterfeit load of lumber hides liquor in truck 6
fooling Uncle Sam—maybe! ... 716
rum-running torpedo caught crossing Detroit river ... 414
Snakes—speed of, is delusion produced by fright ... 426
Snap Hooks—made from cotter pins ... 1019
Snow—the conquest of winter ... 18
Snowshoes—how to make ... 152
Snow Shovel—from an auto hood ... 128
Soap—helps remove imbedded metal in the flesh ... 337
Soap Bubbles—long-lived ... 1036
Soil
decay of teeth now traced to deficient soils ... 239
erosion threatens U. S. with barrenness of China ... 15
Solder
for welding at home fuses with all metals ... 367
how to make silver solder ... 519
Soldering
how to solder cast iron ... 1040
how to solder with leadfoil ... 526
platinum deposit on glass provides base for soldering ... 486
Soldering Iron
electric, heated without cord ... 859
for every purpose ... 1037
Sound
coming—the silent air liner ... 353
heavy clothing aids hearing by absorbing sound 538
metal is bonded with felt to deaden sound ... 976
movie "mike" picks up sounds that human ear misses ... 748
robot that listens to music is orchestra critic ... 641
Sounding Gear—latest depth-sounding gear helps fishermen ... 10
Sound Waves
sterilize milk flowing around vibrator ... 950
where you hear best in the talkie theater ... 599
Spark Plugs
cleaned by air in blast chamber ... 616
longer life for, is sought in heat tests ... 811
Spectacles
"eyelid crutch" for, helps correct sight ... 369
sun glasses cover the nose and prevent burns 247
Speech—muscle study of stuttering may result in cure ... 106
Speed
here's what speed of a mile a minute means ... 537
man travels fast as bullet in speediest plane ... 928
most economical car speed forty miles an hour 812
world's land-speed record ... 705
Speedometer—for runabouts and cruisers ... 904
Spies—secrets of the master spies ... 636
Spinach—washer for wilted, freshens it for market ... 815
Splicing—gunpowder used in splicing copper wire or cable ... 9
Spoon—clothespins hold large ... 677
Sports—how Olympic champions are made ... 888
Sports, Water
fun at the beach with a bicycle boat ... 1016
metal canoe driven by foot like a bicycle ... 439

Sports, Winter
build this ice speedster 328, 483
fishing through the ice 107
making your own skis 479
rounding the zigzag turn of a bobsled run 543
skiing is taught indoors on snowless chute 542
snowshoeing is real sport 152
thrills in whirling merry-go-round 150
Sprag—safety, for coal-mine carts 1047
Spray Gun—replaces insects in pollenizing flowers 628
Square—emergency, easily formed from folding rule 343
Stains—removing rust 1025
Stakes—driving brace stakes in wet ground 172
Stamp, Copying—with stencil has automatic ink feed 415
Stamp, Rubber—a simple stamp reverse 850
Stand—equipped with rollers supports angular work 694
Statues
giant's task—cleaning State of Liberty 203
warn auto drivers of weak-tire dangers 896
wooden, restored by anti-decay method 585
Steam—tanks built to store 465
Steam Plant—mercury-vapor to supply cheap power 42
Steel
frameless house of, built in two days 753
oily, coppering solution for 834
study affords greater safety in building 385
Steel Wool—easy way of handling 338
Stilts—mounted on wheels attains high speeds 663
Stippling—with an electric doorbell 866
Stock Market—dial brings quotations to office 433
Stone Boat—has plow-beam runners 847
Stool
collapsible, for window trimmers 351
Dutch-Guiana stool provides real comfort 1021
kitchen, swings under table 126
playroom seats resemble animals 505
Stores—folding racks show wares of roadside grocery 542
Stovepipe—box catches soot when cleaning 487
Stoves—mending cracks in 1031
Strawberries—cooking in sun rays 1013
Streamline—used in industry 608
Street Cars
fare box for, also makes change 223
purify air in, by chemical treatment 277
Street Cleaning—sweepers that look like perambulators 736
Street Light—wire net over, protects glass globe 752
Streets—hand sprayer cleans with chemical compound 64
Stuttering—muscle study of, may result in cure 106
Submarines
a vest-pocket-size under-sea boat 618
electric, dives automatically 827
radio conquers sea depths to reach 715
Subways
fast escalators in, carry London traffic 976
noise of, deadened by asbestos coating 747
Sugar
busy brain uses more sugar than arm 415
strengthens mortar 913
windows made from 632
Sugar Bin—handy addition to your pantry 660
Suitcase—hinged holder for lid made from old rule 653
Sun
electricity from the 418
outshines all the stars hundred million times 578
Sun Glasses—cover the nose and prevent burns 247
Sunspots—cool the earth 201
Surveying
proposed route of Nicaragua Canal 52
three more "ghost surveys" are rechecked by U. S. 785
Swimming
outboard in swimming pool helps train racers 207
"waterproof" bathing suits 717
Swimming Pool—fish stocked in, for winter anglers 388
Switch—electric time-delay, works like hourglass 239

T

Tables—built-in, for your home 321
Tablet—message, public meeting place provided with 288
Tag Line—light chain serves as 1046
Tags—shipping, making emergency 507
Talking—energy expended in speaking found of little value 755
Tanks
built to store steam for rush hours 465
Tanks—Continued
round helium container gets third degree 792
Tanks, War
travels on land or water 208
"T-2" Uncle Sam's latest tank 358
Tape—holder prevents unrolling of 162
Taps—wall rack for, keeps them handy 517
Target—steel backstop for bullets aids indoor practice 181
Taxicab—safe in, for fare's name protects the driver 883
Teakettle—marble prevents scale in 144
Tear Gas—shooter fits hand and protects owner 217
Teeth
decay of, now traced to deficient soils 239
Eskimo diet protects teeth from early decay 952
extracted with heat by Navajo Indians 924
right food ends tooth decay 356
Telephone
artificial rain tests phones 984
compact cradle-phone base for wall or table 258
electric light on aids in finding numbers 785
kept in desk drawer for private business 936
key lock for dial, stops misuse 416
light beam transmits voice over wireless telephone 32
ninety-two per cent of the world's telephones are now interconnected 576
original Edison phone model is put on exhibition 413
pencil for operating dial 811
phone charge given by robot to any part of the world 91
radio-phone exchange is "Tower of Babel" 903
radio, voice bounces off upper air from U. S. to Honolulu 202
rubber base for, prevents slipping 743
"servant" takes calls for absent subscribers 953
ship-to-shore service available on five liners 277
teletype messages sent through switchboard 577
Telescope
camera tripod used as support for 678
forty-inch mirror for 769
has giant mirror to reflect the heavens 191
made from mailing tubes 679
Teletypewriter—teletype messages sent through switchboard 577
Television—on beam of light seen by electric eye 388
Temperature
inside and out hold on one thermometer 414
loss of electricity reduced by low temperatures 237
seven miles up is virtually constant 17
tests show how air conditions affect you 42
Tent—erecting while wind blows 1006
Theaters
lights on backs of seats in 76
mounted on wheels shows talking pictures 935
where you hear best in the talkie theater 599
Thermometer—temperature inside and out told on one 414
Thermostat
biggest little idea reveals romance in invention 894
operates fire door on boiler 504
Threads—internal, how to find the pitch and diameter of 665
Tile
applying paint to 518
that snaps onto wall and floor saves labor 202
Tobacco
shed of straw, for curing 285
silica gel sweetens smoke from rank tobacco 592
Tongs—hot pans easily removed from oven with 860
Tool Box—handle made from auto steering wheel 654
Tool Handles
ferrules cut from pipe protect small 518
wooden, sandpaper to prevent getting splinters 527
Tool Kit
coil boxes form handy 864
wire reel fitted on 870
Tools
care of steel tools in cold weather 129
for cutting linoleum 1030
handy lubricator for your tools 343
heat-treating small 175
lacquer insulates pliers 159
notched claws improve hammer 526
pressure nail driver makes picture framing easy 105
removable face on hammer is quickly replaced 86
rubber bands hold chisel to wrist 494
rubber grips for files protects hands 402
rustproof, for boats, of stainless steel 794
simple repair for broken nail set 1020
small, enameled a bright color 165

Tools—Continued
tool carrier improvised from oilcan 849
wall rack holds taps orderly 517
wedges for tool handles 327
wrench fitting eight bolts has swivel sockets. 229
Torch
gasoline cutting, is safer and cheaper 250
gasoline, never keep more than three-quarters full 343
Torpedo—rum-running, caught crossing Detroit river 414
Tourmaline Crystals—will permit the passage of light in only one direction 231
Tower—bullet-proof tower guards entrance of building 710
Towrope—preventing breakage of 673
Toys
animal molds for children 209
bike pushed by rider's foot has resting pedal.. 715
electric submarine dives automatically 827
made from wood pile pay for education 929
multiple connectors on track improve operation of toy trains 654
preventing sections of toy train track from coming apart 847
roller-scooter with brake saves shoe leather.. 976
speedy stern-wheeler run by toy steam engine. 1003
toy cannon shoots match sticks 1005
toy washing machine for children 144
toy windmills make living for man with hobby 41
Tractor
fire-fighting, for use in mountains 736
homemade heater for cab 689
homemade, made from junk automobile parts.. 344
radio, controlled by key plows field 450
that digs up trees aids nursery harvest 359
Traffic
mirrors aid drivers at three-way crossing 81
moving a city straight up task of elevators.... 449
stop-and-go lights on dash to control autos... 535
stop sign sinks in pavement as auto passes over it 465
torpedo-shaped safety zone 721
Trailer
at home on the road in a 497
dry-land yacht has all comforts of home..... 440
for transporting airplanes 165
safe at high speeds carries load low 895
small house trailer completely equipped for touring 675
Traps
"sure-fire" rodent traps 305
to lure fruit beetles by use of scent 972
Trays
celluloid hoods on serving trays for roadside stands 1041
for serving auto passengers fit window ledges. 954
swinging shelf from discarded windshield parts 506
Treasures—lost treasures of the Pacific 730
Trees
and shrubbery protected against rodents 870
big cypress tree recalls dawn of history 41
big trees are transplanted to improve Capital. 632
brace straightens leaning trees 1022
brace to hold young tree straight 1036
concrete base to hold large Christmas trees... 156
fast-growing poplars urged as farm crops 765
iron filings will increase yield and quality of fruit trees 514
one-man circular tree saw 33
poisoning saves money and time in weeding out 629
portable power saw saves work felling redwoods 984
pruning young apple trees 830
the largest and smallest of all living things... 226
tractor that digs up trees aids nursery harvest 359
tying up limbs with wire 833
Trestle—railway, built of steel-reinforced brick... 357
Tricks
dinner table magic 67
magic for everybody 259, 434
scientific fun for your parties 1032
Tripod—folding, for block and tackle 687
Trough—an economical stock-watering tank 1054
Truck—screen-bottomed, for steam cleaning small parts 687
Truck, Hand—approaching doorway rings signal bell 350
Tubes—rubber valve on paste tube closes automatically 717
Tubing—rubber-coated metal, absorbs engine vibration 936
Tumbler—rubber band is useful as pouring spout on 1010
Tungar Bulbs—how to preserve the efficiency of.. 879
Tunnels
highway built under town 58
noise of subway deadened by asbestos coating 747
Typesetting
linotype fitted with typewriter keyboard 534
type is set by electric eye 943
Typewriter
English and Hebrew written on same 425
ribbons renewed without removing 977

U

Umbrella
and walking stick, preventing from slipping on polished floors 326
can be folded to fit in handbag 12
Upholstery—rubber base for, takes place of springs 224

V

Vacuum Cleaner
improvement on 1020
turns tubs into washing machines 991
Vacuum Tube—most sensitive to volts measures heartbeat 747
Valve Grinder—rubber-tipped, is easy to operate.. 206
Valves
electric eye helps harden steel for 256
electric, of ball type submersible in water.... 621
faucet, lasts longer by reducing friction 972
method of holding valve keys in place while releasing the spring 517
Vegetables—washer for wilted spinach freshens it for market 815
Veneer—brick, wire hooks hold 701
Vines—spring clothespins hold climbing vines to trellis 1020
Violin—taught in half hour by aid of color 711
Vise
chain-link jig for bending work in 533
large vise holds smaller one 518
Vision—how much do you really see? 248
Vocabulary—how many words you know told by test 65
Vocations—how science has turned fortune teller.. 95
Vulcanizing—rubber to metal without use of cement 200

W

Wagons
grease gun for hubs 59
lifting wagon boxes from the running gear... 133
Wallpaper
celluloid for protection around wall switches.. 496
flatiron helps remove 336
Walls
drying plaster patches quickly 300
fire-stained, how to prepare before painting.. 858
life-time trim for, made like linoleum 576
metal-foil wall decoration you can apply 664
water penetration through brick and mortar.. 495
War—on the Eastern front 545
War Maneuvers
midnight with the battlefleet 82
numbers on U. S. battleships guide flyers in war game 988
War Tank—travels on land or water 208
Warning Flag—dirt-filled box holds 526
Washer—lock, from sheet metal has fine adjustment 688
Washing Machine
funnel increases safety of wringer 855
toy machine for children 144
vacuum cleaner turns laundry tub into 991
Washington, George—was inventor of farming tools 96
Waste
city obtains heat and power from sewage 989
leather made from, like pressed wood 777
Watches
ink eraser removes mercury amalgam from... 508
new alloy changes art of watchmaking 73
pocket-size electric watch 944
Water
how clear is lake water told by "sun machine" 425
jug of water starts a fire 569
lowering temperatures of, with sulpho-cyanide of ammonium 369
purity of, tested with sugar 326
sediment in a tubful of rain water 1009
Water Colors—rubber cup for mixing 322
Water Drainage—tower with ten bathrooms tests. 111

Waterfalls
Kegon, elevator shaft cut through solid rock at 892
lights to color, for display at night 415
Water Heater—hot or cold water drawn from same faucet 231
Waves—higher in south seas than in northern 465
Weather
brass brain tells weather by sun's cycles 416
cloudy days lighter if sun is partly hidden 274
cold weather plays tricks with flyer's phones 991
direction finder for storms tested for navy 207
is our climate changing? century to tell 544
long-range weather is told by abnormalities 428
making for homes opens new industry 289
the conquest of winter 18
the man behind ocean flight heroes 280
world averages 44,000 thunderstorms a day 285
Weathervane—caster makes bearing for 493
Wedges—wood splitting, carrier for 338
Weeds
flexible weed cutter operated from a truck 12
pond weed crops killed without injuring fish 577
Welding
and riveting gun powered by cartridges 795
by radio frequency reduces heat losses 972
sheet or cast aluminum 735
using short ends of welding rod 871
Wells
bucket removes sand from 1010
gravel wall raises capacity of 433
"vacuum booster" for pumps 231
Wheelchair—battery-driven, has motor at front 916
Whistle—steam, consumes 400 horsepower 279
Whittling
fan work adds realistic touch to carving 831
small statuettes carved with a pocketknife 1009
Willard, Daniel—from section hand to railroad president 946
Windlass
power, truck pulls itself up a peak by 924
to drain water-filled boats 1047
Windmill
automatic shut-off for 134
like spider webs supply power in Greece 609
saws farmer's wood in primitive fashion 102
wind-driven power plants you can build 1043
Window Display
ever-changing colors for 306
speed reducer for moving 525
Windows
basement, preventing mud from splashing on 1038
big vacuum cups raise glass windows into frame 359
linseed oil brushed on sash before applying putty 877
lock secures open windows against intruders 111
made from glass 632
molding to keep glass in 829
muffler bars noise but aids ventilation 239
saddles for sash cords reduce wear and noise 193
storm, are safely stored in wheeled box 325
that open silently, have springs, no weights 633
Window Shade—attaching to roller to prevent tearing 477
Wind Vane—with neon lights guides flyers at night 750
Winter—the conquest of 18
Wire
rivet mends resistance wire 494
Wire—Continued
rotation aids wire drawing 451
stretcher for heavy work 350
Wire Connector—like a vise simplifies line work 896
Wire Screen
rack for rolls solves handling problem 743
self-measuring screen roll 957
Wood
artist in wood carves his figures from life 273
cutting a thread in a piece of wood 879
flexible, has many uses for craftwork 1048
heat removes rosin from knots before painting 305
lumber seasoned in one day by respiration process 992
portrait engrained on wood 224
tool for cutting balsa wood into thin strips 663
uniform stain on black walnut 516
Wood, Plastic—inlaying with colored 509
Woodbox—swinging, is accessible on both sides 304
Woodwork—whitewash marks removed from 129
Woodworking
making accurate dovetail joints 339
self-adjusting bench clamp locks boards upright 187
Workbench
and ladder combined 702
double-top on, saves space 865
for amateur chemist 302
portable, is clamped to wall studs 336
waste trap for bench planer 320
Workshop
ball-bearing shaper made from scrap parts 333
old pistons used as shaft bearings 327
portable wood lathe for 660
Worms—angleworms caught without digging 850
Wrench
air, for tire molds cuts tire to fifth 766
correct size for cut-out-cocks found by putty impression 1020
fitting eight bolts has swivel sockets 229
hundred feet long helps end oil fires 464
improvised from two nuts and a bolt 879
Wringer—funnel increases safety of 855
Writing
embossed, with ordinary steel pen 135
man's greatest invention 189
on steel with high-speed grinder 985

X

X-Ray
films developed in daylight 729
saves lives in mines by testing fuses 375
science finds new spectra 813
sound waves help 812
super-speed tube for, photographs hidden ills 181
three floors in height cooled by water 973

Y

Yacht—"Venetian blind" sails add to yacht's speed Opp. 353
Yardstick—rubber tacks improve 146

Z

Zoo—trapping wild animals for zoos of the world 562
